LOCAL AND GENERAL.

THE FIRST NATIONAL BANK has a full supply of Seven-Thirty Notes on hand for sale.

A CARD.—The Ladies of the Presbyterian Church thank their most sincere acknowledgments to the generous public who contributed so liberally in swelling the receipts at their late Festival. They are also under special obligations to Mr. Forster for the use of his room, (tendered at great inconvenience to himself,) and to JOHN BORME, of Boston, for a magnificent present.

TOWANDA, June 25, 1865.

On our outside will be found the Report of the Auditors appointed to examine the accounts of the late Prothonotary of this County. We publish it at the earnest request of Mr. WEA, who deems its publication an act of justice to himself.

ACCIDENT AT THE DEPOT.—On Saturday morning as the train was leaving the depot with the 10th N. Y. Regiment, a colored servant attempted to get on the car, slipped and falling broke the car was run over, breaking his legs above the knee and severely crushing his ankle. He had been a servant for a Captain in the Regiment and a private was taking him home with him. He was taken to the "Soldiers' Home" at Elmira, N. Y.

ARRIVAL OF ENGINES.—The engines for the Sylvania Petroleum Co., and also for the Bradford County Co., have arrived; the one for the latter place was sent to Albion a few days ago, the other engine is now lying at the Depot. The engines weigh a little over 5000 pounds each. It is expected they will commence burning at once. As soon as the necessary preparations can be made it will be heard that some 9000 of these engines have passed over the N. Y. & E. R. within the last year. —Troy Times.

On Friday morning of last week as the 15th and 50th N. Y. Regiments were delayed at the Depot at this place, Capt. Burr of the 15th, and his colored servant down town on an errand, the servant was returning, some private of the 50th made some sport of the servant which raised the ire of Capt. Burr, who ordered them to cease their sport. One fellow not considering himself under Capt. Burr's command, told him of the fact. The captain then drew a revolver and shot him. The owner of his comrades was thus aroused—they pursued the Captain to the car where the officers of the 7th were called for him. The Col. says that he will have him arrested. But tearing out of the car he drove him from the car, chased him to the field, where they used jack-knives in absence of other weapons, leaving him as they thought either dead or nearly so. After they had left the train, the Captain was carried to the Farmers' Hotel. A warrant was issued and he was placed in the custody of the Sheriff. During the night however, Capt. Burr made his escape, and when time has not been heard from. There were some stories about, but this seems as if the facts of the case as may be. —Troy Times.

REMARKS.—The store of J. W. HOLLENBERG, at Barton Village, was broken into on Thursday night last, and robbed of goods to the amount of some \$200 worth. One of the burglars, a boy, 17 years old, was subsequently arrested by Sheriff Upham. The boy gave his name as Benjamin Veider, but now says it is Richard Maley, that he is from Towanda, Pa., and that two others, also from Towanda, were associated with him in the burglary. He is in jail in this village awaiting the outcome of the grand jury at the next Oyer and Terminer. A part of the stolen goods including all the clothes he had on, were recovered.

On Monday night last, the house of Eliza Forster, in this village, was entered and \$275 in money taken. —Waverly Advocate.

SHOCK BY LIGHTNING.—FREAK OF THE FLUID. During the sharp thunder shower on Monday afternoon last, the Snyder House was struck by lightning and somewhat shattered by the shock. The lightning rod was not in an upright position but was lying across the top of the building, and the rod seemed to divide, a portion of it following the rod down the East side of the house, the remainder taking one of the Western chimneys in its passage, shattering it "all sorts" throwing back mortar and dirt in all directions. It went to the wall of the building somewhat in passing down and filled the rooms adjoining with soot, dirt and ashes. Although several were in rooms adjoining the wall they were not slightly shocked. On the other side, the fluid, upon discharging from the rod, dashed into the cellar-kitchen, adjoining, severely shocked Mrs. Warkom, then and there at work. It was several hours before she recovered from the injury she received. The bolt of electricity was undoubtedly a large one—more than the rod could carry off, as the electric shock was instantly and alarmingly felt by persons at a distance of many rods. —Waverly Advocate.

3-30 LOAN.—30 SERIES.—The First National Bank is now selling the Third Series of this very popular Loan. It is due July 15th, 1868, and is sold in notes of the usual denominations—\$20, \$50, \$100.

Bearing interest at the rate of 2 cents per day on every \$100. The Government reserving the right of paying the amount in Gold at the rate of six per cent. per annum.

The notes will be dated July 15, and the interest will be paid to the purchaser in advance up to that time at the rate of SEVEN AND THREE-TENTHS PER CENT.

This is the last Loan the Government will make so high a rate of interest, and as it will undoubtedly all be taken in a very short time, the investor as soon as possible. Its freedom from all state, county and town taxes: its perfect safety and being exchangeable for the famous 5-20 Bonds, make it, like the former Series, the most desirable Loan offered by the Government.

This Bank, with its usual, ready to invest in every facility for taking the Loan. Any information in regard to it will be cheerfully given.

TOWANDA, May 22, 1865.

WANTED.—One million feet of pine, hemlock, oak, ash, birch, maple and white-oak, made in the log, to be delivered at Wilkes-Barre during this Summer and coming Fall, for which a liberal price will be paid. Also, a large amount of lumber next spring. Address J. E. PATTERSON & Co., Clark's Greene, Luzerne Co., Pa., until Aug. 1st, 1865, after which orders will be received at Wilkes-Barre, Pa. June 5-3m.

THE MOWING TRIAL LAST WEEK.—It appears that my brothers, Union, Ohio, Shipman and Wood, affected to be displeased at my cordial invitation to attend the feast in fat, wet, and wildly ragged order on Towanda Plains; with the prospect of a buffet and trial of draught before them. The ground was decidedly too level also; taking for granted that there is no other smooth ground in Bradford. Mowers made exclusively for rough ground, you know! It was reported that they were displeased with my not consulting them as to time, place and viands, to be provided for the feast. Let Farmer come on to rough ground and we will give him a trial. "Any Mower will work on those Plains." Indeed I must apologize for my ignorance and apparent discourtesy in the matter.

I now request said brothers, in connection with all others of the family to be found in Bradford, to make a feast and invite me to it; selecting their own time, (the sooner the better,) ground, (as rough as you please,) food, viands, &c. Come brothers! don't be bashful. Some of you come near frightening even brother Hubbard out of his property, though he come all the way from Orwell, expressly to attend the feast. You told him: "He would be foolish to attend, &c." He came down from town late, and kept coldly back in his wagon, till urged to take hold; then, seeing our spanking new, frank and courageous brother Star (who had not even been invited) driving briskly up, and who had hurried all the way that morning from Troy, brother Hubbard plucked up courage; particularly, after noticing that I had a pretty heavy task to do the feast just, all alone. He took an upper seat, as he thought, at the feast; though he was constrained to take a lower, after finding the heavy, fat and wet clover even too much for him—sticking badly in the teeth—mastication hard and bad. The feast was not so desirable, after all. Brother Star made friends on account of his new dress, and gingerbread fixings and courageous ways. But it was noticed that he was too much inclined to run to the right of the path for good morals. Brother Cayuga Chief sent his next friend to spy out the progress of the feast; and, being urged, he came down from town at the eleventh hour. He, too, was disappointed after tasting the food; mastication hard and digestion bad. After trying their own hands at the work, I think my three friends could make proper allowance for a want of perfect work on my part. You absent mowers missed a good opportunity for winning laurels.

The dynamometer was lent to each of us, four mowers. Star, Hubbard, Cayuga Chief and your servant. It was discovered that I ate the clover the easiest, though my mouth was 54 inches wide; while Star's and Hubbard's were 48 inches, and Cayuga Chief's 52 inches. Brother Duck-eye, though a wonderful brag, gave us the cold shoulder entirely, not having been heard from.

TOWANDA, June 26. FARMER MOWER.

THE QUARTERLY REPORT of the "Herick Educational Club" were held at the Camp School House, on Saturday, June 3d, 1865. The people flocked from far and near, and the house and yard were thronged with listeners! The meeting was called to order by the President, J. M. CRAWFORD, and the exercises opened with music, "Union, God and Liberty." A very able salutatory was then delivered by WM. SAGINER, M.D. "Yes, the Boys are Coming Home." A declamation on the death of ABRAHAM LINCOLN, by WM. J. MITTEN, was then very attentively listened to; also one by LEVI SAGINER. The exercises were then entertained by a song and chorus entitled "Victory at Last," which, being very appropriate, and well sung, was received with great applause. An affecting essay was then read by MISS ANNIE OVERBECK, Quartette, "The Girls at Home." At the urgent request of HORACE W. DURAND, he was permitted, by the President, to read a paper purporting to be edited by "JUPITER K. SLAM," entitled "The Literary Cultivator," the contents of which the Society knew nothing. The first part consisted principally of poetry, burlesques, local, and personal hits. Its reception however, was not very objectionable to the "Club." After the reading of said part a very soul-stirring piece of music was sung by the "Glee Club" entitled "Oh, Wait till the Good Time Coming Comes!" A Lecture was then delivered by W. J. HILLS, on the "Hope of War," in which his oratorical powers were nobly exhibited, and whose use of language was such as will assure him a place among the great. The trained reader of the "Cultivator" then came forth to expound JUPITER K. SLAM's great literary talent, and we are sorry to say the second part did not meet our expectations. It consisted of ungenuinely parodies, rude burlesques, vile personalities, and slanderous contributions. After enduring considerably more of the above abuse than we should, an Honorary member arose and moved that the Club suppress any further reading of the paper, which was warmly seconded by many members, and carried without a negative response. J. M. CRAWFORD, then offered the following Resolutions:

Resolved, That as a Society, tender Mr. J. B. DURAND, our related thanks for his first production of "The Literary Cultivator," and that we hear nothing further from the honorable gentleman until requested.

The Resolution was unanimously adopted and the "Cultivator" disappeared, to appear only in the cornfields! The next production was a comic song and chorus, entitled "Oil on the Brain," after which Mr. JAMES E. SHORTELL favored the audience with an Oration, and which he delivered most admirably. Few young men of his age and advantages possess such soundness of mind, intellectual greatness, and such flattering oratorical powers. His oration was listened to with untiring interest, for nobly did he perform the part of a speaker. After the above the audience was again enlightened by another soul-stirring chorus, entitled "The Gay and Happy Suckers from the State of Illinois." After which we very attentively listened to an able and well-delivered valedictory by E. L. HILLS; C. L. STEVENS, then proposed that we tender a vote of thanks to Mr. SHORTELL, for his kindness in favoring us with a speech, which was unanimously responded to. Then after the singing of a double quartette, "We Think of Them Often," the Society adjourned to meet again at the appointed time.

MOLLIE A. MITTON, Sec'y.

We, as a Society, wish the public to understand, that the "Literary Cultivator" was edited, and the "Tempest in the Herick Tea-pot" was boiled by Mr. J. B. DURAND, (who not being a member of the Club), but recent "New Orleans club driver," is undoubtedly some or else thinks he is, and who had nothing else to do, but slander his neighbors, and originate neighborhood gossip.

MARRIED.—At the residence of the bride's father, June 8th, by Rev. A. Lane, M. F. Terry, M. D., of Terrytown, and Miss Marie, daughter of Dr. H. Sweeney, M. D., of Burlington.

TROUT-YERKES.—In Springfield, on the 15th inst., by Rev. Thos. Mitchell, Col. John Trout, of Williamsport, Pa., to Miss Sarah E. Yerkes, of the former place.

DIED.—At East Herick, Bradford County, June 15th 1865, Emily A. wife of L. M. Stevens in the 45 year of her age. She was attacked with inflammatory rheumatism which caused her much suffering for a few weeks, when it assumed a paralytic form, when death ended her suffering.

JONES HOUSE! Corner of Market Square and Market St. HARRISBURG, PENN'A.

The subscriber, having disposed of his interest in the Locheil House, will devote his entire attention to the JONES HOUSE.

BUIST'S GARDEN SEEDS!

It is an established fact that a large proportion of the Garden Seeds sold in the country are worthless or inferior. The reason is obvious. Seeds are left by the owners with merchants to sell on commission, often but a small portion of them are sold, the remainder being returned, repacked and sent out again the following year, and so on. In order to get the best and most reliable seeds I have bought a large stock of Robert Buist's Philadelphia, a house whose reputation for selling fresh and pure seeds is not surpassed by any in the country; and who never send out any seeds on commission, and consequently not liable to be repacked and sent out again.

I think a little reflection will convince any one of the advantage of purchasing these seeds. I have many varieties not to be found anywhere else in town. Also Batanga, Beet and Carrot seed by the pound, and Peas by the bushel.

Mowing Machines. THE FARMER MOWING MACHINES! The subscriber would invite the attention of all who desire to buy Mowing Machines to the FARMER MOWER. We believe it to be a complete and durable Mower, and the LIGHTEST DRAUGHT MOWER IN MARKET. It is well balanced, clean cutting, simple and compact, easily adjusted and handled. It is made of iron and steel. The Finger-Bar is made of Cast Steel, and cuts four and a half feet wide. All persons who would like to buy a good and durable Mower at a LOW PRICE, are requested to try a LAST YEARS FARMER MOWER. I have a number of them that have been thoroughly overhauled and repaired up, and all such parts as failed last year on account of wear material, have been renewed with castings of best quality. These Mowers are warranted to stand and give good satisfaction. I am at liberty to refer to M. L. MARCHAND, Esq., who bought a Farmer Mower of me last year; and who has ordered a second this year. It is a well known fact that the Farmer is a very hard draught Mower. It is, that last year, all such as did not break, or while in repair, gave excellent satisfaction. We are prepared to fill orders for this year's IMPROVED FARMER AT REGULAR PRICE. Fitted either with cast or with malleable iron, steel faced guards, as customers may prefer. All Mowers fully warranted to give complete satisfaction. L. D. JOHNSON, Manufacturer's traveling agent, W. M. K. WALKER, Athens; E. C. ELSBIE, Windham; S. J. HAKENESS, Springfield; EDWARD MERRITT, Lagyllville; DYON ADAM, Albion; L. A. PARK, South Hill; JOHN F. CHAMBERLAIN, Wyalusing.
