We took her in tow, and arrived off Valentia at 63 a. m. of Wednesday. began to lower the grapnel, and at 8:55 had As the weather was unfavorable, the

Great Eastern to Beerhaven, Bantry Bay, cable, and continued to do so until the followed the next day by her Majesty's evening, when we began to haul in slowly. steamers Terrible and Sphynx. The twenty-seven miles of the heavy shore end were hauling in the 2,460 fathoms of rope, when successfully laid from the Carolina, towed the grapnel came up foul with its own by the steamer Hawk. On Saturday, the 22d, at 51 o'clock, the

cable and the shore and was completed, and the Great Eastern, the Terrible and Sphynx steamed toward Newfoundland, slowly. while the Carolina and Hawk returned to Valentia. All went on in the most satisfactory man-

ner until 9:20 a. m. on Monday, the 24th, when a partial loss of insulation suddenly showed itself. Shortly after this the speed of the ships

was reduced, and the cable paid out more slowly, while tests were applied to locate the fault, which was found to be in the water some miles astern of the Great Eas

tern. rn. At 8:50 a. m. the cable was transferred Susquehanna collegiate instito the picking-up apparatus at the bows, and we began to haul in the cable.

This operation was frequently suspended by want of steam in the boiler attached to The second portion of the question was the picking-up apparatus, and during the ay a portable boiler was connected with the former.

At 8:05 o'clock the next morning the LUTHER H. SCOTT, Steward, Mrs. SCOTT, Mat

Mr. Todd moved to amend the resolution the cable, about two inches long, having been forced between the outer wires and none as candidates for office who have not 9:10 a m. Tuesday, the 25th, all was again

SATURDAY, July 29.—Distance run, 160 miles. Cable paid out, 176 miles. Depth He came to vote for the best man for the of water, 1,900 fathoms. Tests very good.

At 12:06 p. m. it was discovered that low-men to vote for a particular class. He there was a serious fault in the cable, which ture security of the Republic, demand that did not believe in erecting any class in entirely cut off communication with the shore. The ship was stopped and the cabl as superior to any other. To say that the transferred to the picking up gear, which life of the Union party depended upon two commenced hauling it in at 9:14 p. m. After picking up two and a quarter miles of cable the fault came on board, and on examination proved to have been caused Thaddeus Stevens of Lancaster : Hon. John | by a stout piece of wire having been driven

The two and a quarter miles of cable were recovered from a depth of 1,900 fath-

The operation of picking up from this great depth was frequently interupted by want of steam.

The night being very dark and foggy, the operation of lowering the splice and transferring the cable to the paying-out machinery, at the stern, was postponed until the next morning. The Great Eastern was, by the able

management of Capt. Anderson, kept up all That the State Central Committee shall night to the cable, and so prevented any ensist of four members from the city of strain, beyond the cable's own weight, At 8:10 a. m. the splice had been suc- the latest im

cessfully lowered, and the ship was again The detention by this fault was eighteen

anxious hours and minutes they were. On Sunday, July 30, the distance made was 24 miles, and 37 miles of the cable tions. It a case is incurable he will were paid out. Depth of water, 1,960 fath-

ns. Tests very good. Monday, July 31.—Distance run, 134

Tuesday, Aug.1 .- Distance made, 155 miles; cable paid out, 179 miles: water,

resuming the insulation tests, it was discovered that there was a partial loss of insulation. The ship was soon afterward The first ballot resulted as follows: Hart- stopped, and the cable transferred to the Judges of our Supreme Court denying ranft, 63; Hiestand, 39; McComb, 20; picking-up gear at the bows. The operation of hauling in commenced. The engine Several delegates changed their votes to Hartranft, who was unanimously declared water for a considerable time. Two miles had been recovered, and the cable was cut A ballot for Surveyor General resulted to see whether the fault had come on board At about 12:30 p. m. the cable caught and chafed on the mouth of the "horse-pipe" ed, and at 12:35 it parted on board where it was injured, just behind the stoppers.

> Distance run in the last 24 hours, 116 miles; cable paid out 132 miles; recov-

Total distance from Valentia, 1,063 miles: total distance to Heart's Content, 600 miles; total cable paid out 1,312 miles, equal to 14 per cent.

Steamed back toward Valentia 12 miles. and commenced dragging for the cable. Thursday, at 4 a. m., it being evident from the strain that the grapple had caught the cable, we began to haul it, and at 11:50, when 1,150 fathoms of grappling rope had been got on board, a shackle broke near the ship, and 1,400 fathoms of the rope sank with the cable to the bottom of the Atlan-

A buoy was lowered with 2,400 fathoms of cable, and a "mushroom" to hold it and mark the spot. During the operation of picking up the machinery gave way. It is upposed that a tooth broke off by the strain, and this getting in between the spur-wheel smashed the latter. This accident happened twice, and the operation of hauling in had to be performed by the capstan.

able for recovering the cable. Monday, Aug. 7 .- Lowered another grapnel. At 9:10 p. m., commenced dragging for the cable. At 8 p. m. began to haul in, continued to do so slowly all night.

Tuesday, Aug. 8 .-- At 7:50 a. m., 1,000 when the shackles broke just inside the ship. Lost in this attempt 1,500 fathoms of rope. A second buoy was lowered to mark the spot.

The balance of this day and all the next was fully occupied in having new shackles made for the hauling-in rope, altering the capstan, and making preparations for anther attempt to recover the cable. Had the apparatus been ready the weath-

The two buoys rode out the gales in this

THURSDAY, 10th .- At 7 o'clock a. m. we out 2,460 fathoms-all that was on board Carolina went into Valentia harbor, and the the ships—commenced dragging for the FRIDAY, 11th.--At 6 a. m. we finished

chain At 11 a. m. we began to lower the grapnext afternoon, the splice between the main | nel again, and as soon as all the 2,460 fathoms were paid out we commenced dragging until 3:55 p. m., when we began to haul in It was soon evident by the great strain

that the grapnel had caught the cable At 7 p. m., when 710 fathoms had been recovered, the rope parted. As there was not sufficient rope on board the Great Eastern to resume grappling, it
