If the soil crops of the present season is a superior of the present season is a superior of the present season is a superior of the present season. If the soil crops of the present season is a superior of the present season dered, it will perceptibly withhold payment, until all such dues are canceled.

Fodder.—Save everything that will make ed by shelling out; the straw will cure for the straw will cure and dry out some read of the straw will cure for the straw will be sold the straw will be sold to the straw will be sold to the straw will cure for the straw will be sold to the straw will be sol feed for animals next winter. Mow all fence nooks and cure for hay. Some farmorers are glad to dispose of their straw, if any one will remove it feacef alone. When the straw is any one will remove it feacef alone. When the straw is any one will remove it feacef alone. When the straw is a straw will cure the straw will cure t der; the crop will be ready for threshing any one will remove it free of charge. When farmers are thrashing grain is the time to procure a good supply.

Grass Seed.—There is no better time to sow new or old land with grass seed, than September. If the ground is not in good heart, give it a thin top-dressing, which should be harrowed in, and then sow the seed the "life" of the flour. It will never be as white, nor make as good cakes, but will be Granaries.—While they are empty, give them a thorough cleaning. Sweep out the sprouted wheat.

WHY STACKS LEAN.

Stacks will sometimes lean to such a de gree, that all above the bulge must be pitch- LARGE AND WELL SELECTED STOCK OF GOODS ed off, and the stack re-topped. When most of the pitching is done on one side of offer cheap for Cash. A large assortment of a stack, the opposite side does not get pressed down so firmly, and it therefore settles pitched on. This causes the stack to lean; and by leaning, the courses are turned up to such a degree that on one side it is down hill toward the middle of the stack. Another reason why stacks lean is that the bulge is laid out further from the centre on side than the other; and as the side that is laid out the furtherest will settle

eaning is to thrust one end of a rail or ground. This sometimes turns up the the middle of a stack. To avoid all diffipastures. Lay out flats for irrigation at will, where water may be turned on, and will, where water may be turned on, and setting one end of a plank a few inches in the ground, and the upper end pressed against the bulge of the stack. This plank reasing the quantity of manure the following year. Every thing that will grow, or has grown in one season, will rot before or has grown in one season, will rot before in the ground, while a cleat upon the plank Meadows.— Keep all stock from them during the dry and hot weather, until the young grass has attained sufficient size to shade the ground Let men and boys pick up and haul off stones from mowed fields, so that there will be no obstructions next season. there will be no obstructions next season.

Muck.—As soon as field labors are not that a high wind may blow it over, will often be found very convenient. When a Muck.—As soon as field labors are not urgent, dig muck and pile it beneath a shed of rough boards, where it will be kept dry and in good condition for use in the stables and manure yard.

Muck.—As soon as field labors are not urgent what may show it over, will often be found very convenient. When a stack is braced in this manner, the props can be removed at pleasure; whereas, when thrust against the side, it settles so heavily on them, that it is difficult to take

SUBSTITUTE FOR GLASS WINDOWS.

It sometimes happens that one would be which rapidly depreciate its value, if expos- glad to close a window so as to admit light, and yet has no glazed sash that he can use. Oxen.—Working oxen and fattening bullocks designed for beef, should now be fed well. Oxen will grow fat and work hard too, if they are used gently, fed and watered regularly, and curried often.

Oxen.—Working oxen and fattening bullocks designed for beef, should now be fed yell. Oxen will grow fat and work hard too, if they are used gently, fed and watered regularly, and curried often.

Oxen.—Working oxen and fattening bullocks designed for beef, should now be fed yell.

See that no glazed sash that he can use, and it may be he does not consider the object worthy the expense. A simple piece of stout muslin tacked upon a frame makes a very fair substitute. It excludes the wind and insects, and admits the light. After the order of the object worthy the expense. A simple piece of stout muslin tacked upon a frame makes a very fair substitute. It excludes the wind and insects, and admits the light. After the order of the object worthy the expense. A simple piece of stout muslin tacked upon a frame makes a very fair substitute. Book-Bindern.

Successors to Reynolds, Fellows & Co., are now offering and prepared to furnish on short notice, Wagons, Carriages and Sleighs, of all descriptions and of the latest and most approved style and of the best material, at the old stand opposite the Union House, in the central part of Alba Borough, Bradford County, Pa.

The public are assured that the reputation the shop has acquired during the last six years under the superintendence of J. H. Pellows, will be more than maintained, as he will superintend the work as heretofore, having long been and having had much experience as a Carriage and Sleigh Builder, would assure the public that no pains will be spared by the above firm to make the establishment worthy of their patronage thus far extended, we hope to merit a continuance of the same.

N. B.—We, the undersigned, being practical mechanics cam nanufacture and offer to the public at prices that will defy competition. BOOK-BINDERY.—THE PUBLIC IS respectfully informed that a Book-Bindery has been established in connection with the Printing Office o. the "Bradford Reporter," where will be done BOOK-BINDING!

In all its various branches, on terms as reasonable a the times "will allow. The Bindery will be under the charge of H. C. WHITAKER An experienced Binder, and all work will be promptly done, in a style and manner which cannot be excelled.

Music, Magazines, Newspapers, Old Books, &c. bound in every variety of style. Particular attention will be paid to the Ruling and Binding of

BLANK BOOKS, to any desired pattern, which in quality and durability
