A CURIOSITY FOR THE LADIES .-- There is of A CURIOSITY FOR THE LADIES.—There is on exhibition at the salesroom of Messrs. Wheeler & Whison. No. 625, Broadway, the first Sewing Machine, (No. 1) made by the company, the present number being 220,000. Let the interested compare the machine sold in 1851 for \$125 with those now offered for \$55. The former owner of this machine gives its history as follows.

The machine was finished early in 1851, and I learned its use form. We Wilson himself. I

loing my own housework and taking care of my baby. In 1856 we came to Davenport, and brought he machine with us. I believe it is the first Mathe machine with us. I believe it is the first Machine ever brought to Iowa.

I run that Machine almost constantly for more than

ourteen years, on all sorts of work, from the finest fourteen years, on all sorts of work, from the finest dress making to the heaviest tailoring. I quilted a full sized white bed-spread with it which has been exhibited three times at the Fair. It took me three weeks to do it with my other work, but it could not have been done by hand in so many years. I have even stitched leather with it, and at the time I exchanged it, (in 1865) for No. 193, 320 it worked just as well as when made.

It is perhaps unprecessary for me to add that I ust as well as when made.

It is perhaps unnecessary for me to add that I believe the Wheeler & Wilson to be vastly superior

ARDEN SEEDS.—AS THE QUALITY
and age of seeds cannot be told by their appearance, it is of course desirable to purchase only such as are known to be reliable. It will require but little reflection I think to convince any person that a house that sends seeds all over the country to be sold on commission, taking back all unsold, is less likely to furnish good seeds, than one which sells their seeds outright, thus having no old seeds on hand. Last season I bought a quantity of Buist's Celebrated Seeds, and those who tried them I think will not be satisfied to return to the old stock of commission seeds.

I have t his season a large stock of the same kind of seeds, and I hope to be able to supply all who will try them with first class fresh and reliable seeds.
