The rain does indeed pour from the clouds, and, I would have you, under the rule of right, determine your position, by dutiful onsideration respecting the basis or underlying principle of all philosophical investigation. To analyze the theory of mechanical force as it may be applied to morality, and ethics, you are to prove all things holding fast to nothing, for nothing venture nothing have, and nothing is the result. Mr. Carlyle has written the life of Frederic Bradenburg, our old school-master, whose theory of volcanic phenomena is contained in Paul's speech to King Agrippa, on the occasion of his coronation by the Lord Bishop of Durham, at Schone, in will understand from this fact, that water is a fluid of a specific gravity of one in ten, or a hundred, or a thousand, as you may chance to place your numeral on the right or left of your decimal remainder .-But all this counts for nothing in the great calculation of antipathies, or as some theologians say, idyosyncrasies, but whether of pleasure or pain, whether of justice on the one hand or of conglobation on the other, this deponent saith not. Further than this, my Lord, I cannot assert ; for I am bound by conscientious scruples and have no doubt of the atomic theory of individualities and infinitesimals, as contradistinguished from Mr. Emmerson's History of the Russian Campaign in Algiers, and the duel between Peter the Great and
