A CARD.—In justice to Mr. Fleming, we wish to say to the public that, after an interview wish that gantleman, we are satisfied that he received his information in reference to our correspondence with Messrs Ivision, Phiney, Blakeman, Co., from a member of our firm, who misunderstood the import of the letter sent from them. We supposed, however, that Mr. F. understood the
matter fully from a conversation had with the other member of our firm. In this we were mistaken.

Upon examining his article again, and from information received from him we are convinced that
he had no allusion to us in his application of the
epithet "cats paw." Neither had he any intention
of charging us with employing Mr. K. to attend
