 The Farmers Mutual Fire Insurance Company of Mid-dle Pennsylvania was incorporated by the Pennsylvania Legislature, in the year 1859, for the Matual Insurance of Country property only, and immediately thereafter commenced its operations on that principle, which has been strictly adhered to since.

 All losses have been promptly paid out of the Premi-ums collected on application for insurance without mak-ing any assessments.

 The Insurance of Country property only, the low rates charged for Insurance, and the prompt payment of losses are deemed a sufficient recommendation of the Formers Mutual Fire Insurance Company of Middle Penns, Iva-nia, to all owners of safe class country property.
