 The Farmers Mutual Fire Insurance Company of Middle Pennsylvania Legislature, in the year 1856 for the Mutual Insurance of Country property only, and immediately thereafter commenced its oper-ations on that principle, which has been struc-ly adhered to since.

 All losses have been promptly paid out of the Premiums collected on application for insurance without making any assessments.

 The Insurance of Country property only, the low rates charged for Insurance, and the prompt payment of losses are deemed a sufficient recom-mendation of the Farmers Mutual Fire Insu-ance Company of Middle Penns Ivania, to all owners of safe class country property.
