FIRST PROPOSITION THE SHOCK!

FIRST PROPOSITION TO BE MADE PROPOSITION THE SHOCK!

FRIEND NELSON:—FIRST, I would say, according to the best calculations, in the Borough of Towanda, there is sold yearly one hundred thousand dollars worth of Boots and Shoes, mostly slop work of the most inferior kind, and the people generally are sick of it. And now I say to your again, as I have before, enlarge your Store make it neat and commodious, and keep a good stock of Boots and Shoes, and you shall be sustained. Most of the people begin to feel a little above buying their boots and Shoes at Dry Goods Stores; it looks verdant and outlandish. We do not ask to make your goods if it is not convenient. The facilities in some other localities, where a better choice of stock and workmen can be had, may be still better. And you have always been in the business and better understand this one point and important branch of the Merchant's art, than those that deal in Silks and Muslins, and they, I believe, would be given to be the mental to the internal to the proposed to be the internal to the proposed to be the mental to the proposed to be the proposed to be the mental to be the proposed to be portant branch of the Merchant's art, than those that deal in Silks and Muslins, and they, I believe, would be glad to let this business go where it belongs; that they have done it heretofore to accomodate the people; I do believe if you would open a first-class Shoe Store the people would not go to Dry Goods Stores to buy Shoes any more than they would to Drug Stores for Oats.
