Their natural resources for the most part are idle European country leaves them substantially slaves, without the means of assisting or maintaining their liberties.

The agriculturists of the United States are, by the concurrent testimony of philosophical observers, in advance of all other countries in intelligence and well-being. But the superiority is not so much the result of our republican institutions as it is due to the fact that our country is new and inexhaustible in its richness and resources, with a climate favorable to the production of everything essential to the wealth and comfort of our advancing civilization.

Enter the home of an average faronce perceive the absence of every ed and carried out. thing like culture or comfort. The head of that family has, perhaps, toiled assiduously from the beginning to able to make no accumulationshis children as he wishes. They grow up in idleness and ignorance from the The man who causes the parental standard, and in the main with perhaps a slight gain in general ticians combined. And just as certain intelligence.

Now that our labor system has been completely revolutionized by the abolition of slavery, we may be said to plete independent development muparts of one grand whole. Industrial again. production depends on appprtioning its various operations so that the mental and moral powers of individuals shall be associated to a common end; that is, when all the intellectual powers are made to co-operate with ma- knobs on his horns, yet from the large ers of nature, notwithstanding their

Pa.

The public are assured that the reputation the shop has acquired during the last six years under the superintendence of J. H. Fellows, will be more than maintained, as he will superintend the work as heretotore he having long been and having had much experience as a Carriage and Sleigh Builder, would assure the public that no pains will be spared by the above firm to make the establishment worthy of their patronage. Thankful as one of the old firm for the patronage thus fur extended, we hope to merit a continuance of the same.

N. B.—We, the undersigned, being practical mechanics, can manufacture and offer to the public at prices that will defy competition.

public at prices that will defy competition.

JAMES H. FELLOWS,

Alba Borough, April 15, 1866. ly. INION CARRIAGE SHOP, AT ALBA, PENN'A.

The undersigned respectfully informs the citizens of Western Bradford that he has commenced the Carriage and Wagon manufacturing business, in all its various branches in Alba boroin the shop north of the Union Hotel. His foreman in the wood-shop will be N. M. REYNOLDS. who is well known to the people of this vicinity, having been in the business for the last 16 years. He will manufacture to order, and keep constantly on hand the latest styles of Euggys, both top and open, Platform, Democrat and Skeleton Wagons, Sieighs, Cutters, &c. His work will be done by the most experienced workmen, and great care will be taken in procurring the best timber, and the most substantial materials. He intends that the work turned out at his shop for style, durability and cheap-NEW PLANING MILL The undersigned having built a large and com-modious Mill in the Borough of Towarda, and out at his shop for style, durability and cheaness, shall not be excelled in the County. RPAIRING of all kinds done with despatch, in ubtantial manner on reasonable terms. Gis a cail.

JAMES McINTYRE. are prepared to fill orders, whether large or small, upon the shortest notice. We have also a large variety of MOULDINGS, of the latest style and pattern, which we can furnish much cheaper than they can be worked by hand. Alba, Bradford County, Pa., Feb. 20, 1866.—1y
