R. BROWER, Esq., has purchased the interest of his partner in the Railway Dining Saloon at Hornellsville, N. Y. This Saloon, under Brower's management, has already acquired a wide-spread reputation as being the best "eating place" on the line of the Erie Railway.

CHRISTOPER SLATER, for many years host of the Brainard House, Elmita, died recently at sea, off Hatteras, of yellow fev- D., 1867 : er, and received an ocean burial. He was returning from Australia.

FATAL ACCIDENT .- On Friday after noon, March 22d, a son of Andrew Hays residing near Cogan Station, Lycoming county, aged 18 years, was killed by the discharge of his gun, the contents entering his side, passing up into the region of the heart, causing death in a very short time. When discovered he was still living, but in s few moments breathed his last, unconscious of his condition. The presumption is, that in stepping into the boat he hit the gun with such force as to cause its dis charge. Another warning to those who handle fire-arms. The unfortunate victim belonged to a highly respectable family and was a young man of more than ordinary

SAD CASUALTY .- It becomes our painful duty to record the death of Miss Sallie A. Eves of this city, under very distressing ircumstances. On Thursday afternoon, March 21st, while visiting at Mr. Foresman's in the upper part of the City, she mistook the cellar door for one entering in to the parlor and fell with such force against the brick flue in the cellar that injuries were occasioned of so serious a nature as at once to deprive her of reason, in which ndition she remained for 27 hours, when death terminated her earthly existence .-Williamsport Gazette.

A serious collision occurred n the Erie Railway at Mast Hope, Delaware Division, on Tuesday night last, by which the Engineer, Geo. Elbridge, was instantly killed, the fireman and several pass engers severely injured. Among the latter was John H. Hinman of Waverly, who had one leg badly bruised. The accident was caused by the Lightning Express running into a car loaded with iron which was either accidentally left on the track, or overtaken before it could be got out of the way. The Engine and several Express Cars were thrown from the track and much damaged.

SEVERE TEST OF A BRIDGE .- The new iron bridge across the Chemung at Chemung, constructed by Mr. Bishop of Owe was tested on Tuesday last. Four of the heaviest engines of the road, weighing with their tenders 75 tons each, making an aggregate of 300 tons, were placed at the center of a span, and with that severe test the span settled but one inch, and regained its position again upon the engines being removed. Hugh Riddle, the General Superintendent of the road, H. D. V. Pratt, perintendent of this Division, the Super intendents of the Delaware and North Western Divisions and many other officers of the road were present, and they pro nounce it the best bridge on the line of the road .- Waverly Advocate.

FIRE IN KEENEYVILLE .- About 3 o'. clock last Wennesday morning, flames were discovered issuing from the store building of Messrs, Card. Staples & Co., Keeneyin ashes. An attempt was made to save some of the goods, but it resulted in nothing of moment. The loss is variously estimated, but may ly.

e put down, at a rough calculation, at \$8000. Upon this was an insurance of \$6000.—Tioga Agitator.

Philadelphia Press, of the 25th ult.:

"No representative in Congress from Pennsylvania has reflected more credit upon his constituents, and secured a more advanced position in our national councils, than Hon. In the American Cooking Stove this disagreeable process is entirely overcome by the ingenious arrangement of an ash sifter, in the hearth or ash box. of the stove, by means of which after the grate is dumped into the ash box the ashes can be sifted in a moment, with the ash box all closed, and without any dust in the room, and the coal and cinders.
