Rev. Benj. J. Douglas, late Rector of Christ Church, this place, who has been spending the past few months in Europe, expects to sail for home in the Scotia, from Liverpool, on the 20th inst.

INCOMPARABLE DWARF CUCUMBER.—R. M. Wenzel (see card in another column) advertises plants of this new variety of cucumber. With the new system of culture, blanching and winter storage, anybody who has a foot square of rich and uncultivated soil, can easily raise this delicious vegetable.

We are glad to learn that a new Post Office to be called *Fasciato*, has been established in the town of South Creek, Pa., with our friend Capt. John M. Young Postmaster. We feel happy in congratulating the good people near State Line on securing a new office at that place, where it is much needed.

Wm. G. Stewart, who pursued his Theological studies at Rev. J. J. Doolittle's, one year in Towanda, was ordained to the ministry of the Prot. Episcopal Church by Bishop Jones in Alexandria, Va., the 28th of June. He is in charge of St. John's Church, Kanawha county, Va.

By a notice in our advertising columns it will be seen that the firm of Fox, Stevens, Mercur & Co., after the 1st of September next, will confine themselves to a wholesale business. Their facilities for buying groceries will enable them to supply traders with goods at very advantageous rates.

SINGULAR PRESENTMENT OF DEATH.—Charles Weiss, of Silex township, aged about sixty-seven years, took home six yards of muslin to his wife, on Saturday, June 22, telling her to take care of it, and use it for his shroud as he would not live long. On the afternoon following he called on Esquire Leat, to ask his advice about a suit he had at Silex, where he had been summoned by a son-in-law on some frivolous pretext. He said he was old and did not expect to live long, and the suit troubled him. He wished Esquire Leat to settle his Estate. The suit was Tuesday, but the constable having altered the date of the summons, the Justice dismissed the suit, and Mr. Weiss got into the wagon of a neighbor, Aaron Shatt, to ride home, and died on the way. The man was used up by his shroud, and Mr. Leat has taken out Letters of Administration are requested. — *Wilkes-Barre Times*.

SHOOTING AFFAIR.—A young man, a son of Lewis Armstrong, late commissioner of this County, who resides near Factoryville Depot, was shot by a man named DeMorse, a few days since. The circumstances as related to us are as follows: DeMorse, who is said to be an irascible and violent tempered man, had been annoyed by the conduct of some boys in the neighborhood, and had threatened to shoot them; and in pursuance of his threat he had procured a minnie rifle. The young man, Armstrong, who it is said had no intention of danger, when passing the garage of DeMorse, in the fore part of the evening, went into it for the purpose of getting a radish. While thus engaged DeMorse was near by, shot him. The ball which was of the largest size, entered near the point of the shoulder blade and passed out at the breast. At last accounts the young man was alive, though his wound is said to be such as will probably prove fatal.

DeMorse was arrested and is now lodged in jail awaiting trial for his rash act. — *Tunkhannock Democrat*.

THE LATE STORMS.—One of the most terrific storms, storms which has visited this section for many years, swept over the county on Tuesday last; the fall of rain was very heavy, and did considerable damage to the growing crops, especially on hill farms. One or two bridges between this place and Duane were washed away, and the stage failed to make its appearance on Wednesday. The "technician" dwelling house of Michael Mayhew, in this Borough, was struck by lightning, the current running down a side door, splitting it badly, tearing off the ceiling, and sending the floor pretty thoroughly with plastering from the ceiling. No other damage was done at this place.

We learn from R. W. Henley, of Cherry, that during the storm on Sunday last, the dwelling house of James Fitz Simons, in Cherry, was struck by lightning and one child and one elderly female were killed. Mr. Henley also informs us that during the storm of Tuesday a farmhouse belonging to Thomas Farrell, of Cherry, was killed by lightning.

Mr. Harry Berger, proprietor of the Stage line between Laporte and Hughesville, informs us that another bridge near Tanke Town, making the second this season, was carried away by the high water caused by the storm of Tuesday; and from all parts of the county he has heard of damages done to the crops, roads, bridges, etc. — *Laporte Press*.

O. E. FARNSWORTH, Secretary.
Warren Center, June 14th, 1887.

The following letter from Prof. O. J. Gronowicz, Superintendent of Common Schools for this county, explains the fact. Nothing is more evident than the fact that a uniform series of Text Books should be adopted in the county, and the best judges of what that series should be, undoubtedly are those who have made themselves familiar with the different School Books now in use. We hope the movement inaugurated by the Teacher's Association, and seconded by the Superintendent, will result in practical operation by the School Districts.

J. H. KINGSBURY.—Dear Sir: I learn from a friend of yours that you intend spending a portion of your summer vacation in introducing the books adopted and recommended for use in the common schools of the county by our County Teachers' Association. I approve this course, and trust that the health and pleasant employment. The unanimity in the selection of this series of books in the committee, and their unanimous adoption by the Association render it needless for me to say anything in their favor. I desire to see them in use in every school in the county at the opening of the winter term. I think that the choice in this matter, I trust that a uniformity will be secured, and that it will be generally understood that hereafter no teacher in this county will be considered as competent to teach unless he is familiar with the books recommended by the teachers of the county, or a committee of school directors under the provisions of the School Law.

Yours truly,
O. J. GRONOWICZ.

CLEANSE THE BLOOD.—With corrupt, or tainted blood, you are sick all over. It may break out in Pimples, or Sores, or in some active disease, or it may merely be a latent, depressed and good for nothing blood. But you cannot form good health while your blood is impure. AYER'S SASSAPARILLA purges out these impurities; it expels disease and restores health, and stimulates the organs of life into vigorous action. Hence it rapidly cures a variety of complaints which are caused by impure blood, such as Scrofula, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Ring Worm, Eczema, Itch, Salt Rheum, Scall Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Disorders, such as Leucorrhoea, Irregularity, Suppression, Whites, Pityriasis, or Syphilis or Venereal Diseases, Liver Complaints and Heart Disease. Try AYER'S SASSAPARILLA, and see for yourself its surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bodies, pretending to give a quart of Extract of Sassafras for one dollar. These have been frauds upon the sick, for they not only contain little, if any, Sassafras, but often no curative ingredient whatever. Hence, utter disappointment has followed the use of the various extracts of Sassafras, which flood the market, until the name Sassafras has become synonymous with imposition and fraud. We have no objection to the name Sassafras, and intend to supply such a remedy as shall reduce the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are true and reliable. It is a blood purifier, and it is intended to be used for the cure of the various diseases of the blood, and we have reason to believe, it is the most effective purifier of the blood yet discovered.

AYER'S CHERRY PECTORAL is so universally known to surpass every other medicine for the cure of Coughs, Influenza, Hoarseness, Croup, Bronchitis, and other consumption, and for the relief of Consumptive Patients in advanced stages of the disease. It is a success here to recover the lives of the virtuous.

The world knows them. AYER & CO., Lowell, Mass., and sold by all Druggists and dealers in medicine everywhere. 2m

TWENTY-FIVE YEARS EXPERIENCE IN DENTISTRY.—J. M. SMITH, M. D., would respectfully inform the inhabitants of Bradford County that he is permanently located in Towanda, Pa., and has been in the practice of his profession for the past four years. He would say that from his long and successful practice of 25 years duration he is familiar with all the different styles of work and successful practice of 25 years duration in city or country, and is better prepared than any other Dental operator in the vicinity to do the best adapted and most successful work. Cases that present themselves oftentimes to the Dentist, as he understands the art of making his own artificial teeth, and has facilities for doing the same. Those requiring under rest of teeth he would call attention to his new kind of work, which consists of porcelain for both plate and teeth, and forming a continuous gum. It is more durable, more natural in appearance, and much better adapted to the gum than any other kind of work. Those in need of the same are invited to call and examine my work. Teeth filled to last for years and sometimes for life. Chloroform, Ether, and Nitrous Oxide administered with perfect safety by our four hundred patients within the last four years can testify.

I will be in Towanda from the 15th to 20th of every month, at the office of W. K. TAYLOR, (formerly occupied by Dr. O. H. Woodruff). Having made arrangements with Mr. Taylor, I am prepared to do all work in the very best style, at his office. April 23, 1887.
