Our friend HOOKER, of the Troy Gazette, has perpetrated matrimonyour congratulations.

THE WHEAT HARVEST .- Our farmers are now in the midst of their wheat harvest, and should the weather continue favorable the present week will see the crops pretty generally housed. On information received from all sections of the county, we judge that the crop will be a full average onesay from twenty to twenty-four bushels to the acre, and of superior quality. In this connection we may also state that the oats crop, if secured, will be very heavy, while corn promises an abundant yield.

DROWNED .- A young man about 21 tears of age, named Timothy, Regan, who was engaged at the Horse-race dam, was drowned on Wednesday evening last, while attempting to ford the river a few rods below the dam. After finishing his work for the day, he-with a companion-proposed to wade the river to their boarding place, insome distance above. Taking off his boots, they are becoming decidedly the favorites he went into the stream until the depth and from under him, when he was carried rapidiv down the stream and drowned, before ssistance could be rendered him. All efforts to recover the body have thus far, been unsaccessful. He had on, when drowned, a check shirt and linen pants. MERCHANT'S UNION EXPRESS COMPAxx,--The exorbitant charges and exactions of the Express Companies, led to the formation of a new Company some months ago, called the Merchant's Union Express, composed of merchants and others, interested in low charges and fair dealing. This Company is now in successful operation over the principal thoroughfares, and the result has been that the old companies have been ferced to reduce their charges very largely, in order to compete with the new Company. As might be expected the old monopolies are very indignant, and an Express war has been going on for some time. The Merchant's Union Express, however, goes on the even tenor of its way, carrying packages at reasonable rates, and manifesting an accommodating disposition. The Company deserves the patronage of the public, for having reduced charges nearly or quite one-half. R. G. Chans, of Waver ly, is the agent. Shippers should mark their packages "Merchant's Union Ex-

MURDERED.—On Friday the 12th inst., a poor man named Roswell, residing mear Tioga Center in this county, was brutally murdered, his head broken to pieces with a club. The rumors and reports about this terrible act, are, of course. various and in many respects conflicting. The following are the facts as far as can, at present be disclosed. This man Roswell, was poor, and the family had for sometime, received some aid from the Superintendents of the Poor, but he had a cow. His family consisted of his wife, two daughters, one

grown to womanhood, the other nearly so and some smaller children. A pertain man, who gave his name as Parks, had been in the habit of meeting clandestinely, and making some advances to these Roswell girls, as Parks, but some person who saw him told these girls that he was not Parks but a man of another name, who had a wife

and several children. The Boswell girls charged this man with this, but he denied it, and said that he was single, and had a small place down in Pennsylvania, and if the fair thing by them. There all agreed. The proper place. He has they all went with him there, he would do Dunron & Scripping System of Penmar the fair thing by them. There all agreed. the fair thing by them. They all agreed, and pecked up their little all, and prepared to start. This man, Parks, gave them some

family, they heard the blows of the club by which the old man's brains were beaten out. A reward of \$300 has been offered, II AS RECOVERED.—Mrs. Leach, of Dresden, N. E. H. SMITH, Pres. March 20, '67. N. N. BETTS, jr., Cash. THE AMERICAN COOKING STOVE AN-THER GREAT IMPROVEMENT-SIFTING ASHES Made Easy. — Every housekeeper knows thatthe process of sifting Coal Ashes is attended with much inconvenience and an noyance from dust, &c., and unless the ashes are sifted much coal will be wasted that can be used after sifting. In the American Cocking Stove this disagreeable process is entirely overcome by the ingenious arrangement of an ash sifty, in the hearth or ash box of the stove by means of which or ash box, of the stove, by means of which after the grate is dumped into the ash box the ashes can be sifted in a moment, with the ash box all closed, and without any dust in the room, and the coal and cinders are all retained in a separate apartment. and can be returned to the fire chamber, or be removed elsewhere, and the ash pan can then be removed containing only the ashes without any dust whatever. This arrangement does away with the old fashioned ash sifters, and must commend itself to all, and is another long stride toward perfection, and must add largely to the already extended reputation of this deservedly popular

stove. This improvement is fully secured by letters patent. SHEAR, PACKARD & Co.,

CLEANSE THE BLOOD.—With corrupt, or tainted blood, you are side all CLEANSE PHE BLOOD.—With corrupt, or tainted plood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, of it may merely keep you listless, depressed and good for not hinge, But you cannot have good health while your blood is impure. AYRE'S SARSAFARLLA purges out these impurities; it expels disease and restores health and stimulates the organs of life into vigorous action. Hence it rapidly curve a variety of complaints which are caused by impurity of the blood, such as Scrottlia, or currs a variety of complaints which are caused by impurity of the blood, such as Scrotula, or King's Evil, Tamors, Uleirs Sures, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter of Sall Jiheam, Salld Head, dling Worm, Cancer or Cancernes Timors, Sore Eyes, Female Divises, such as Ingtention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Chambants and Heart, Diseases. Complaints and Heart Diseases. Try AYEWS SARS a PARILLA, and see for y wriself the supprising activity with which it cleanses the supprising activity, with which it cleauses the blood and cures these disorders.

During late years the public have been missled by large bottles, pretending to give a quart of Extract of Sarsaparilla lor und dollar. Most of these have been flauds, upon the sick, for they not only contain little, it any. Sarsaparilla but often no curative ingredient whatever—thence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name iyself has become synonymous with impositioniand cheat. Still we call this compound, "sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistable ily the class of diseases it is intended to ble fly the class of diseases it is intended to cure. We can assure the sick, that we offer them the best alterative we know how to produce, and we have reason to believ; it is by lar the most effectual purifier of the blood yet discovered.

AYER'S CHERRY PECTORAL is so universal to converse the product of the product o AYER'S CHERRY PERTONAL is so universally known to surpass every other medicine for the cure of Conghs, olds, influenza, Hearle, ness, Croup, Bronchitis, Incipient Consum ption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is used less here to recount the evidence of its virtues. The world knows them.
