DRAKE, SILL & HUDSON'S PATENT.
Patented July 31, 1966.

The subscriber would respectfully call the attention of Farmers to the latest and greatest invention in the way of Horse Hay Forks and Cutters. This fork is lighter, cheaper, and best ter, more durable, and less liable to break or get out of repair, than any one now offered to the public. It is proposed that the fork shall stan, upon its merits and is warranted to work perfectly and give better antishection than an fork in the world. It is easier, work for the man who uses it, a boy can manage it with say and it is a first rate hay knife. It is a splendid article, please look at it:
