☞ The Synod of New Jersey, commences its session at this place, on Thursday next. A large attendance of clergymen and elders is expected, and the proceedings will undoubtedly be highly interesting.

☞ Advertisers will bear in mind that the circulation of the *Reporter* is greater than the combined circulation of all the other papers published in the County, and that it has more readers than all the other papers.

☞ The date printed upon the direction label tells every subscriber when his subscription expires. A reference to the date will tell any patron when his paper is paid to. If mistakes occur, we will thank our subscribers to give us immediate notice that the correction may be made.

☞ After a tour of five months, through Great Britain and the Continent, visiting the Paris Exposition, our young fellow townsman, JOHN W. MIX, has returned, having greatly enjoyed his trip, and looking as if it had agreed with his health.

NOTICE.—OHAS. LENOX REMOND, of Boston, Mass., will lecture in this place, at the Court House, on Monday evening, next at 7½ o'clock. Subject: "What Relation shall the Colored Man Sustain to the Republican and Democratic Parties."

☞ The new Hardware Store of S. N. ASPINWALL, in the new Brick Block, is now opened and is the most complete and attractive in this section of the County, he seems to have everything, and we noticed particularly that his stoves were of new and beautiful patterns, and we speak for the ones called "Our Mutual Friend" and the "Brilliant" a successful run.

THE WINONA BASE BALL CLUB, of Towanda, Champions of Bradford County, hereby challenge any Club, or the best "Picked Nine" in Bradford county, to play a match game of Base Ball on the challengers grounds, at any time the parties accepting may appoint, for a bat and ball.—Any communications addressed to W. S. VINCENT, Secretary, will receive prompt attention.

THE RAILROAD.—The Wellsboro & Lawrenceville Railroad Company is now efficiently organized and officered. It is not our purpose to excite unreasonable expectations in the public mind, but there is reason for hope that the road will be constructed within the contract time. The survey, we learn, is going on now, and though this is a preliminary which is not in itself significant, taken with the attendant circumstances it is not barren of promise. It is to be hoped that the right of way will be granted without haggling or illiberality; for the chief benefit to be derived from the road, if built, will accrue to the owners of real estate. The people will doubtless be liberal.—*Wellsboro' Agitator*.

CHENANGO CANAL EXTENSION.—*Work Suspended*.—The *Otsego Gazette* of last week says "the contractors on the Chenango Extension have been notified by Commissioner Hayt, to stop work, as the appropriation for the canal is exhausted. They have accordingly petitioned the Canal Board to have their contracts abandoned and their work measured up, to the end that they may receive their pay. The Engineers have accordingly been ordered to proceed with the measurement of the work. This stoppage of work on the Chenango Extension, is a serious detriment to the work itself, and will prove a heavy loss to the State. It is now something more than half completed, and had money been provided by the last Legislature, as it should have been, it might have been completed and boats running in another year."

Ho! FOR THE WEST!—BEYOND THE MISSISSIPPI.—A complete History of the New States and Territories from the Great River to the Great Ocean.

Life and Adventure on Prairies, Mountains and the Pacific Coast. With over Two Hundred Descriptive and Photographic Views of the Scenery, Cities, Lands, Mines, People and Curiosities of the Great West, by ALBERT D. RICHARDSON.

To prospective emigrants and settlers in the "Far West," this History of that vast and fertile region will prove an invaluable assistant, supplying as it does a want long felt of a full authentic and reliable guide to climate, soil, products, distances, localities, means of travel, etc., etc., with an elaborate description of its wonderful resources and undeveloped wealth. The work is purely Historical and descriptive in its character, and is *not* a political or war book.

The agent for this valuable work will remain in town for a few days and we commend him to the courtesy and patronage of our citizens and trust he will meet with that success commensurate with the rare merits of the work.

TWO MONTHS FOR NOTHING.—LOOK AT THIS OFFER.—We have received the *American Agriculturist* for October. We wish that all our friends could see this paper.—We know of no way in which so large an amount of truly valuable, interesting, and instructive reading matter could be given to a family at so small a price as the subscription to the *Agriculturist*. Each number contains 32 to 40 large quarto pages, and 30 to 50 fine engravings, many of them very costly and beautiful. Here, in this October number, we find, in addition to the great amount of valuable information, hints, suggestions, etc., more than 30 engravings, several of which are among the most expensive ever found in an Illustrated Journal.—This number is of itself really worth a year's subscription. The cost of the *American Agriculturist* is only $1.50 for a year, in advance, or four copies for $5. The publishers offer that valuable journal *free* for the remaining two months of this year, to all *new* subscribers for 1868, (Vol. 27,) who send in their subscription *during the month of October*. We advise all our readers to secure it on these terms. It will be sure to benefit all fathers and mothers, and infinite and instinct all children. Subscriptions should be sent to the publishers, ORANGE JUDD & Co., 245 Broadway, New York City.

FIRE AT CHERRY FLATS.—A citizen of Cherry Flats informs us: On the morning of the 3d inst., at about one o'clock, the inhabitants of that place were aroused by the sound of fire. Smoke broke out in the grocery kept by Mr. O. Elliott, and soon spread to and enveloped the store of Rockwell & Farnum, owned by Mr. Oliver Elliott. Elliott's grocery was totally consumed with its contents. Rockwell & Parsons' store was also consumed together with its contents. Rockwell & Parsons were insured in Conrad's agency for $5,000 on their stock of goods. By great exertion the dwelling and barn of Mr. Oliver Elliott was saved. Mr. J. Elliott's loss is fully covered by insurance; Rockwell & Parsons only partially insured. The origin of the fire is unknown. There had been no fire in the grocery for some time.—*Wellsboro Agitator*.

DESTRUCTIVE FIRE IN OWEGO—TWENTY BUILDINGS BURNED.—About 5 o'clock Saturday morning a fire broke out in Owego, in the English Ale Brewery, owned by T. BULTZOR, on Front-street, nearly opposite the Park, which, being fanned by the wind that was blowing a gale, soon showed signs of becoming a destructive conflagration. A general alarm was given, and the Owego firemen were soon out, hauling the fire with no prospects of overcoming it, as the flames continued to spread with frightful rapidity. Dispatches were sent to the Binghamton and Elmira Fire Departments for aid.

The fire broke out in the kitchen of the brewery, spreading from thence up and down Front-street, burning off one section of the Susquehanna River Bridge, passing Front, Court and Park streets, consuming in its course CAMERON'S and BLOODGOOD'S large grocery-stores; CASE'S iron works and foundry; the new Masonic Hall of Ah-wa-ga Lodge, just furnished in splendid style; the United States Express office, and twelve or fifteen other smaller establishments. Dr. ARMSTRONG'S fine brick residence and several wooden dwellings were also burned.

We heard the losses by fire variously estimated at along from $100,000 to $200,000, but the prevailing opinion seemed to fix the loss at $150,000. There was from one to one and a half acres of ground burned over.

WEST BURLINGTON, Sept. 19, 1867.

The Teachers Association met according to adjournment, and was called to order by the President. Devotional exercises were conducted by Prof. O. H. Coburn. The minutes of the last meeting were read and on motion approved. The roll was then called by the chairman of the committee appointed at the previous meeting to make out a list of the names of the members of the association. Adjourned till 2 o'clock, P. M.

Afternoon—A member of the committee on resolutions being absent, Prof. Coburn was appointed to fill the vacancy. The committee made their report which was accepted:

Resolved, That the Bible should be in every school, either as the property of the teacher or the district, a copy of Webster's or Worcester's Unabridged Dictionary.

This resolution was discussed by Messrs. Chubbuck, Hewitt and Thompson. Carried unanimously.

Resolved, That there be added to the list of text books recommended by the committee appointed to report on the subject of text books, the Scriptures of the Old and New Testament, to be used each day in the schools in such a manner as the teacher may deem most expedient. Adopted.

This resolution called forth a spirited discussion, participated in by Messrs. Thompson, Hewitt, Leonard, Corss, Coburn and Chubbuck. Thompson offered the following amendment:

Resolved, That we earnestly recommend that the Bible be read in all our schools, without comment, and that Bible Theology be a requisite qualification of the teacher. Amendment lost. Resolution carried.

M. E. Taylor and Mary Williams were appointed a committee on membership, which committee reported 32 new members. Mr. G. P. Monroe and Roxa Morse, a committee to obtain questions to be assigned to the members of the association. The report of the committee on programme was made and accepted. On motion adjourned till 7½ o'clock, p. m.

Evening Session.—After music, the audience was entertained with a lecture by Rev. S. F. Colt. With joy we welcome back to Bradford county our old friend and educator, and hope we may be permitted the pleasure of listening to him soon again.—An essay was read by Emma Peckham. Subject, "Recollections of the Past." Declamation by Alfred Blackwell. Selection read by Roxa Morse. Singing. On motion adjourned till 8½ o'clock, a. m.

Saturday Morning.—Devotional exercises conducted by Prof. Coburn. Miscellaneous business being in order the next meeting was fixed at Monroeton.

The following resolutions of the committee were taken up.

Resolved, That at each quarterly meeting of this association, there shall be appointed by the President, two persons, whose duty it shall be to prepare and read at the next meeting, papers on some literary or scientific subject, which subjects shall have been selected by the association.

Resolved, That at each annual meeting of the association there shall be elected a committee of those whose duty it shall be to select and report subjects upon which paper are to be prepared in accordance with the foregoing resolution; which subjects shall be presented at the meeting next preceeding the one at which said papers are to be read, which papers are to be discussed by members of the association.

Discussed by Messrs. Chubbuck, Hewitt, McKean, Tracy and Prof. Coburn. Resolutions adopted.

On motion of O. R. Coburn, N. Leonard was appointed to prepare a paper taking for his subject, "the early history of the townships of Wells, Ridgbury, South Creek and Columbia," and William Thomson on the subject of the "Trees of Bradford county." Song, by M. K. Taylor, entitled the "laziest man in town." This resolution of the committee was read for discussion.

Resolved, That while we approve of the act of the last legislature, declaring that no person shall receive a teacher's certificate, who is in the habit of using intoxicating drink as a beverage, we think that the use of profane language, engaging in games of chance, or the use of tobacco in any form should have been included in the same list.

After being thoroughly discussed by Messrs. Tracy, Leonard, Doan, Taylor, Chubbuck, Whitehead, M'Kean and Prof. Loutrel the following substitute was offered by Mr. Chubbuck:

Resolved, that no teacher who is in the habit of using profane language, engaging in games of chance, or who makes habitual use of tobacco, should be permitted to have the charge of schools.

Mr. Hewitt raised as a point of order, that the said substitute would not thus be brought before the association. The chair declared the motion to be in order. Hewitt appealed from the decision. After considerable debate the previous question was ordered by Thompson. The question of the chair was sustained. The said substitute was called for by C. R. Coburn. The substitute was then adopted.

Thompson offered the following, which on motion was unanimously adopted:

Resolved, that we learn with pleasure, that the series of text books recommended by the committee appointed by this association, is almost unanimously adopted by the good body of teachers throughout the county and is being quite generally adopted by the school boards in the different townships.

Resolved 2d, that we can not too earnestly impress the importance of others uniformly in school books and having implicit confidence both in the integrity and judgment of our committee, we most earnestly urge upon directors the propriety of giving their report a candid consideration.

Select reading by Helen Loomis. Poem by N. Leonard. J. C. Doan was appointed to prepare a paper on the "Animals of Bradford County," and Mr. Lilly to prepare a paper on the early history of Troy, Armenia, Canton and West Burlington. These papers are to be read at the February meeting of the association.

The following appointments were made. Lecturer, Prof. Loutrel; Essayist, Anna Pennypacker and Ellen Johnson. Readers, Amelia Benjamin, Adda Passmore. Business committee, Rev. H. Armstrong, H. C. Tracy, Anthony Mullan, Mary Stevens and Anna Myer.

The following was offered and unanimously adopted:

Resolved, that we tender our thanks to the citizens of West Burlington for the use of their Church, and their very liberal hospitality. On motion the association adjourned to meet in Monroeton the second Friday and Saturday in November next.

A. T. LILLEY, Pres't.
O. E. FARNSWORTH, Sec'y.

CHAMBERLIN is now keeping the

GROVER & BAKER'S

Family Sewing Machines.

These Machines are superior to all others for family use, for the following reasons:

They sew with two threads direct from the spools, and require no rewinding.

They are more easily understood and used, and less liable to derangement, than other machines.

They are capable of executing perfect, without change of adjustment, a much greater variety of work than other machines.

The stitch made by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and ironed, than any other stitch.

This stitch, owing to the manner in which the under thread is unwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho' it be cut or broken at intervals of only a few stitches, it will neither open, run, nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched, or made up with silk.

These machines, in addition to their superior merits as instruments for sewing, execute the most beautiful and permanent embroidery and ornamental work.

You can get Sewing Machine Needles, and all articles pertaining to the machine business.

MUSIC!

PIANOS, ORGANS AND MELODEONS!

You can get at CHAMBERLIN'S one of
