DISTRESSING OCCURRENCE.-A man named William Colz was found dead in the barn of Henry Hagadorn, in Nichols, N. Y. on Sunday morning last, suspended by the neck with a harness line. The previous evening about 12 o'clock, he had had an affray with a man named Joseph Cole, (no relation,) whom he met as he (Joseph) was coming from a house of ill-repute, and struck with a navy revolver, when Joseph knocked him down, and they clinched, and in the struggle the revolver was twice discharged, one shot taking effect upon the person of Joseph, passing through both thicks making a maki thighs, making a very dangerous wound. William then struck him several heavy blows with the revolver, loosing the cylinder, in which were four charges.

BEST IN MARKET.—The reason why the
ALL infort Fruit Jars are the best of a y in
the market: Ist. The rubber paring that
makes the joint, reets on a smooth shoulder
which is blown in the monid instead of being
ground down on the end, consequently there is
no nicking out of glass in grinding to let the
air into the Jar, which is the cause of so mach
fruit being spoiled. 2nd, You will see the rubber is away from the fruit, whereas the ground
shoulders or ends must necessarily bring ne
edge of the rubber in contact with the Fruit.
3rd. You can test or lodgen the fastenings
when the Jar or fruit cools, and see it your
cover is tight; if so, you know at once that
your fruit will keep. If the cover is cose you
can heat it over before it spoils. 4th. They are

and less liable to derangement, than other machines.

They are capable of executing perfect, without change of adjustment, a much greater variety of work than other machines.

The sitch imale by these machines is much more firm, elastic, and durable, especially upon articles which require to be washed and froned, than any other stitch.

This stitch, owing to the manner in which the under-thread is unwrought, is much the most plump and beautiful in use, and retains this plumpness and beauty, even upon articles frequently washed and ironed, until they are worn out. requently washed and ironed, until they are worn out.

The structure of the seam is such, that, tho it be cut or broken at intervals of only a lew stitches, it will neither lopen, run, nor ravel, but remains firm and durable.

Unlike other machines, these fasten both ends of the seam by their own operation.

With these machines, while silk is used upon the right or face side of the seam, cotton may be used upon the other side without lessening the strength or durability of the seam. This can be done on no other machine, and is a great saving upon all articles stitched or made up with silk.

Are now supplying families throughout the country with teas and coffees through the system of clobs and their regularly appointed agents, at a slight advance on cargo prices, and guaranteeing their teas to be pure and fresh, and also to give entire satisfaction, or they can be returned and the money refunded.

Remember that by our system the consumer pays only ONE PROFIT, instead of seven or eight, as he must do when he purchases of the ordinary grocer. WE DEFY COMPETITION.

We call special attention not only to our standard goods, but our fancy brands of Oolong and Young Hyson Teas—peculiar flavors—and teas sixty days from Japan. Our Coffee Department is manage, also on the system of one profit only, and all our effects are sold on their merits. We only ask sixtrial.

All our importation of our teas and coffees can be had of our regular appointed agents.

All our goods are goods put up by ourselves in one pound packages, at our warehouse in New York, and retailed at w. H. H. GORE'S Drug Store, No. 137 Main street, at the small advance of 5 cents per pound over our New York prices.
