MYERSBURG MILLS I

Baws twenty-five cords of stove wood, allingle boils or stave timber, per day. Is drivin by one or two horses, are easily moved from place to place, and can in an hours time be set up anywhere. This machine is complete in its self, requiring the assistance of no other power. The horses draw by a sweep, making it much more safe than a tread power. It saws twice as fast, and is sold for one half the price. A number of these mills are now in use in Pike Herrick and Orwell Townships, and are giving universal satisfaction. Those wishing machines will apply to H. W. BOLLES, LeRays wille, or S. N. BBONSON, Orwell.
