It also opens a large and fertile section of New York, hitherto sequestered and shut out. Its completion is a matter of interest to this section.

ATERS HAIR VIGOR, For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and affectual for preserving the hair. Faded or gray hair is restored to its original color with the glass and freehess of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicies are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations danger ous and injurious to the hair, the Vigor can only benifit but not harm it. If wanted merely for a hair dressing, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white came in the latter of the present the party of the property of the party of the party of the party of the party of the present of the party o WM.
