JOHN P. COX, *Superintendent.*

☞ New Spring Goods at TAYLOR & Co's.

☞ The subject of changing the name of Owego to Ah-wa-ga is being agitated considerably in that village.

☞ The Y. M. C. A. of Elmira, pay Miss KELLOGG and troupe fifteen hundred dollars, for her Concert in that city, which takes place on the evening of April first.

☞ HON. ALEXANDER W. RANDALL, late Postmaster General, has arrived in Elmira, with his family, where he intends making his permanent residence.

☞ Rev. T. J. B. HOUSE has resigned his position as pastor of the Baptist Church in Waverly, but it is expected that he will remain until another pastor can be found to fill his place.

BLUSTERY.—March evidently came in right end foremost. We have had rain, hail and snow, with plenty of ice, and wind powerful enough almost to raise one bodily into the air. We shall look confidently for a lamb-like departure of the month.

FIRE.—The barn belonging to C. M. SEGAR, in Sheshequin, was destroyed by fire on Wednesday night of last week, with the entire contents. It is supposed to have been the work of an incendiary. Loss $1,000. Insured for $600.

☞ We understand that PETER HERDIC, of Williamsport, has purchased the Canton Mineral Springs, of Mr. E. B. PARSONS, of Troy, and intends erecting a large Hotel there for the accomodation of those who wish to seek a pleasant summer resort.

☞ The Pa. & N. Y. Railroad has been testing the Sullivan county coal for steam purposes. It is found to be unsurpassed for that purpose. Work on the railroad from those fields is being prosecuted vigorously and it is believed the road will be finished the coming season.

☞ Mr. F. N. PAGE, and G. H. VOORHIS, two live business men of Athens, will leave that place in a short time. Mr. PAGE goes to Williamsport, to attend to his Furniture business there, and Mr. VOORHIS goes to Wilkesbarre, where he will open a Furniture Store in connection with Mr. PAGE.

PROBABLE MURDER.—The Elmira papers state that there is a strong impression among the citizens of that place, that a man by the name of Baker, who was found dead on the ice in the canal, was murdered. The Coroner is investigating the affair, and there is a fair prospect that the murderer will soon have the officers of Justice on his track.

☞ The connections which the Towanda trains make at this place are admirable. They connect in the morning with two from the west and one from the east; at noon with the Express from the west; and at night with one from the west and one from the east. What better accomodations can the traveling public ask?—*Waverly Advocate.*

☞ The new M. E. Church at Tunkhannock, Wyoming County, will be dedicated on Saturday, April 10th, by Bishop AMES, assisted by Rev. B. I. IVES, of Auburn, N. Y., services at 1½ and 7½ o'clock, P. M. Any wishing to remain over night or over the Sabbath will be furnished with places by calling on the Pastor at the old Church building, North side.

☞ The first train of cars passed over the bridge at this place yesterday, about one o'clock. The event though not announced, produced quite a stir among our citizens. The desire to see the first train pass to the North of Tunkhannock, along the Susquehanna, was quite general, and many of our citizens availed themselves of that privilege.—*Tunkhannock Dem.*

FIRST OF APRIL CHANGES.—Subscribers to the REPORTER who design changing their residences, will please notify us in advance of their postoffice address. Where notice is sent by mail, the name of the postoffice at which it is now delivered, as well as the one where it is desired to be sent, should always be given. The name of the county and State should also be given.—Although the changes may not be made until the first of April, the sooner notice is forwarded to the REPORTER office, the better.

LOOK OUT FOR IT.—A new and dangerous counterfeit ten on the Albany City National Bank, has just appeared. It is said to be a very close imitation of the genuine, and the signatures of E. Corning, President, and H. H. Martin, Cashier, have an appearance of genuineness. The engraving is a little coarse in some particulars, and the A and L in the word national are so close together that they seem to blend at the point of nearest contact. The counterfeit is a dangerous one and will deceive the unwary.

☞ New Spring Goods at TAYLOR & Co's.

LOST.—Between Towanda and Lister's Mills, March 17, a Red Velvet Reticule. The finder will be liberally rewarded by returning it to this office.

RUNAWAY.—On Sunday morning last the horse of Rev. WM. S. STREET became unmanageable and ran away, throwing Mr. S. out on the ground, and running some distance up the Barclay Railroad, stopped against a pile of lumber. Upon examination it was found that one leg of the horse was broken, so that it was necessary to kill it. Mr. STREET we are pleased to say was not injured in the least.

☞ The rafting season is near at hand. A large amount of lumber lies on the river bank at this place ready for rafting, and a number of rafts have already been put in the water, and are ready to start on their way to market. Should the weather be auspicious rafting-in will commence in good earnest now. So you down the river customers look out for the raftsmen and the stuff that carries them.

GAS AND WATER WORKS.—About ten years ago there was an act passed by the Legislature of this State, incorporating the "Towanda Gas and Water Works" which had been apparently forgotten until quite recently. We are now pleased to be able to state that the old project has been revived, and placed beyond all doubt as to its early completion. We understand that all the stock has been subscribed by our most responsible and enterprising citizens. We hope that it will receive the encouragement from all our citizens that it so much deserves.

PENNSYLVANIA VOLUNTEERS.—All over the State military companies are being organized under the militia laws of Pennsylvania, and our State will have a thoroughly organized and splendidly equipped volunteer army, always ready for immediate service. An entire regiment at Philadelphia, the Fritz's Guards, one company at Easton, one at Reading, two at Scranton, and one at Harrisburg, have just been armed by the Adjutant General. Bradford county, though first in the field in '61, is far behind now. Who will move in the matter?

SAD ACCIDENT.—We regret to learn that Mr. Leander Culver, a well known and respected citizen of Elkland, was killed by a falling limb in the woods, Monday of last week. With his hired man, Mr. Culver was felling a cucumber tree, which lodged in a beech. In cutting the beech, a limb was detached from the top, and falling, struck Mr. C. on the back of the head, crushing in the skull and rendering him entirely unconscious up to his death, which took place Tuesday morning at 2 o'clock.

We mention, as a singular circumstance, the fact, that while a son of the deceased was supporting him in the sleigh, on the way home from the woods, the former was struck by a limb which projected from the snow and caught in the sleigh, and with such force as to break his jaw, and otherwise severely injured him about the face.—The blow so benumbed the young man that he was not for some time aware of the severity of the injury.

Mr. Culver was about 60 years of age, highly respected by his friends and neighbors, and his loss will be regretted by a large circle of friends.—*Tioga Agitator.*

TROY.—*From the Northern Tier Gazette.*—The horse-barn belonging to Frank Brown, in Springfield township, was burned with all its contents on Saturday morning last. The family were attending a party at Springfield Center when the fire occurred. It is believed to have been the work of an incendiary, as no fire had been near the barn in three days. Loss, about $500. Insured for about $150.

—We understand the series of meetings held at Leona by Rev. C. L. F. Howe, have exhibited already very favorable results.

—The thief who stole L. Putnam's horse a short time since has been arrested, we understand, at Cortland N. Y., and put in jail to await trial.

—Mrs. Charlotte Reynolds, residing in Canton township, near Alba, died very suddenly on Wednesday last, of heart disease. She had been seated at the table in usual health as it was supposed, when attempting to rise she was suddenly attacked with a violent action of the heart, and expired in a few moments. She was something over seventy years of age, and leaves a large circle of friends to mourn her loss.

—The buildings lately consumed by fire are to be immediately re-built with brick.

CANTON.—*Dear* REPORTER.—Let's see, where was it I left off? Was it where I had to dry up because I had mis-stated the facts with regard to the new School House? and also the Mineral Springs?

From the mildest to the most ferocious of school house opposers, of one year ago, not a man can be found to deny the fact which was then stated that the school house will cost $8000, the only fight now, being upon the question, whether it shall cost more than $9000.

The well known and indefatigable "PETE" HERDIC, of Williamsport, has purchased the springs—of course nothing more need be said about *them* to any one that knows "PETE," than that the water of these excellent springs will now become famous, and deservedly so. The water has cured hundreds of cases of scrofula, salt rheume, &c. Mr. HERDIC will proceed to put up a large wooden building at the springs, to be completed by the middle of June next, for temporary use until something more substantial can be erected. Williamsport will however continue to be the County seat of Lycoming for the present. Let me advise you of Towanda, to build a rail road to Canton, you can then have the benefit of the waters and see Herdic House No. 2 occasionally. Just think its over good people and dont procrastinate.

We have had rumors of mad dogs in the country about us, for a long time and finally the Greek is at our doors.

"Hydrophobedestrianation (I laughed wildly while writing that word) has so far been confined to biting a cow belonging to a Mr. ROCKWELL—from all accounts that cow must act up and "bellow" awfully, (we dont buy our milk of Mr. ROCKWELL, afraid it might give TOMMY a dog fit.).

Business of all kinds has been dull during the past winter, but building will soon commence again and then we look for brisk times.

There are two things that we need badly here, a *good* hotel and a bank. It seems that our own citizens can never take hold of new enterprises, although they are sensible, what great necessity there is for a hotel and bank. It is reserved for some enterprising stranger to come, and see, and make a good thing for himself by erecting both.

CANTON, March 18, 1869. INO.

"Let no matter of fact person be deluded into looking for the word in any standard dictionary."

Disappointment lies in that direction. I shall probably reserve the word to start a new dictionary with.

☞ If you want a set of dishes, of course you want to buy good ones. If you are about beginning house-keeping, you ought most certainly to look over the stock of WICKHAM & BLACK. You can get for a little money, Silver Plated ware *warranted* of the *best quality*. Their motto: good goods at fair prices.

☞ A large stock of Carpets just received at TAYLOR & Co's.

THE DAIRY.—The butter-and-cheese controversy grows more and more interesting and instructive. Since our last issue we have received reports from two dairies which eclipse all the others reported, either in Tioga or Bradford counties. Mr. Jacob Borspaugh, of Delmar, sends us the following exhibit of receipts from his dairy of 21 cows in 1868:

Spring butter	$350,00
Cheese	125,00
Fall Butter	1114,86
Pork	200,00
8 calves, sold for	100,00
Butter retailed	65,25
300lbs used in family	131,50
Calfskins	16,00
5 shoats raised	50,00
	$2151.01

Making an average to each cow of $102,38.

Deducting the cost of butter used in the family—$131,50—the average earnings per cow was $96,07.

Remember—this is the exhibit of a dairy of 21 cows; and each cow earned $102,38.

Mr. Lafayette Gray, of Sullivan, under date of March 8, writes us as follows:

"Having for many years been a reader of *The Agitator*, and feeling a lively interest in the welfare of my native county, especially in the growth of Sullivan, I send you, by permission of Mr. Joseph Strange, of Gray's Valley, the following exhibit of his dairy of 9 cows (two of them for heifers) 1868:

1469lbs of butter	$661,62
Calves	100,00
Pork	60,00
Total	$821,62

Average earnings per cow $91,29.

"We hope to increase these figures in due time, and hope that the day is not far distant when Tioga county will stand even with Orange county in the butter and cheese market."

Come on, Bradford county; our dairies are larger, so far, and their average better than yours?—*Tioga Agitator.*

THE AMERICAN COOKING STOVE.—ANOTHER IMPROVEMENT IN THIS STOVE, AND ANOTHER PATENT.—After a long series of experiments, we have added the Base Burning principle to the American Cooking Stove, by which a more uniform combustion is obtained in all parts of the Fire Box, and a continuous fire can be kept with a great saving of fuel. This is another great acquisition to this world renowned Stove, and is fully secured by Letters patent. This Stove has now been before the people for eight years, and over fifty thousand of them are in use, to the entire satisfaction of the people, and they are eagerly sought after in all the States between the Atlantic and Pacific coasts. We have improved it from time to time, until it is admitted to be almost perfect as a Stove; and the strongest evidence of its great superiority over all others, is the numerous attempts to imitate its name and design. Whilst some of these imitations are infringements of our rights, and are being prosecuted, all will be found greatly inferior to the genuine article in their operations.

AGRICULTURAL AGENCY.—SOMETHING NEW.—We have received a circular from MESS. WELLES & ELSBREE, of Athens, Bradford County, Penn'a, in which they inform the farmers of Bradford and adjoining counties that they have established an Agency for the sale of Agricultural and Horticultural Implements, Seeds, Fertilizers, Thoroughbred Stock, Poultry, Bees, Bee Hives, Books, etc. Among other things they have the Agency for the sale of the American Bee Hive (movable comb), the best in use. Mr. ELSBREE who is canvassing for the book, How to Make the Farm Pay, will leave circulars with the farmers, which deserve careful perusal. We trust our farmers will help this new enterprise by sending their orders for stock etc., to this firm. Bee-keepers put your bees in the American Bee Hive, use Statian Queens, read the Bee-keepers Text Book, and your bees will pay you twice as much as they do now. For further particulars see circular. AYER'S HAIR VIGOR, *For restoring Gray Hair to its natural Vitality and Color.*—A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a hair dressing, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass. Price $1,00.

THE NEW AND IMPROVED
ELIAS HOWE,
FAMILY SEWING MACHINES,
Were awarded the First Prize at the Paris Exposition 1867, over 82 other Machines.

Also, the following State Fairs of 1868 have awarded this Machine the first premium:
New York, Ohio, Pennsylvania, Massachusetts, New Hampshire, Vermont, Wisconsin, and Indiana.

At the County Fairs of Madison, Onandaga, Oswego, Wayne, Orleans, Tompkins, Seneca, Monroe, Herkimer, Schuyler, Livingston, and a host of others.

Report of the Committee on Sewing Machines, at the State Fair held in Rochester, Fall of 1868.—"Your Committe have examined the different Sewing Machines to which their attention was called, and would recommend as the best Family and Machine for all work, Elias Howe's Sewing Machine, and or the following reasons; 1st.—Simplicity of construction. 2d.—Regularity of tension on both upper and lower threads. 3d.—Ease of management. 4th.—Great range of work upon all materials. 5th.—The perfect attachments to the Machine for hailing, hemming, tucking, braiding, quilting, binding and cording, and the ease with which they are applied, 6th.—The durability of the machine, it being made of hardened steel, & d'd adjusted in its bearings. We recommend a medal."

New style Hemmer, Braider, Tucker, Quilter, Corder, Embroiderer, Binder, Feller and Improved Tuck Marker.

It will use any and every kind of thread, from the finest to the coarsest, with a much smaller needle than other machines. Be sure and examine it before you purchase. Price from $60 to $200, and every machine warranted. The real value of our Manufacturing Machines for Tailors, Boot, Shoe, Harness and Carriage Makers, is too well known to require comment.—Don't fail to call and see them.

NATIONAL LIFE INSURANCE
CO. OF U. S. A.
CASH CAPITAL, $1,000,000—PAID IN FULL.
Chartered by Congress, 1868.

CLARENCE H. CLARK, President;
JAY COOKE, Chairm'n Finance and Ex. Com;
HENRY D. COOKE, Vice President;
EMERSON W. PEET, Secretary and Actuary.

The advantages of the National Life Insurance Company are:
1. It is a National Co., chartered by Congress;
2. It has a paid up Capital of One Million Dollars;
3. It offers low rates of premiums;
4. It furnishes larger insurance than other Companies, for the same money.
5. It is definite and certain;
6. There is no possibility of misrepresentation by agents, or misunderstanding by policyholders;
7. The policies are plain contracts, so much insurance for so much money;
8. All policies are non-forfeiting;
9. The policies are exempt from attachment.
