RESTORATION OF GEORGIA.

General Butler has introduced in o the lower House of Congress a bill, which has been referred to the leconstruction Committee, to restore Georgia to the republican govern ment elected under its new constituwished. It has been assumed by the Georgia Legislature has met, organized, elected Senators, &c., we have nothing more to do under the reconstruction laws than to recognise the State and admit the members to the two Houses of Congress. But the process by which a reactionary majority was obtained in the Legislature was thoroughly illegal as well as flagrantly defiant of the

spirit of the reconstruction system. The first error committed was in allowing rebel members to take their seats who could not take the test oath previded by Congress. This was the key to all the subsequent mischief, for these rebels made up a reactionary majority in the two Houses. Once firmly established. they threw out the whole of the colored members, and so left the Reconvicts at Sing Sing, arrived at the prison election of Senators to Congress was titution of the United States relative necessarily tainted by these illegal proceedings.
