He is a well dressed and looking man of about fifty years of age, and so well skilled in the several arts practiced, as to be able to deceive "the two elect." After a careful effort to seeme of Methydist ministers in Texas information con-erning said Wanners, not a word, recenpling the existence of such a man, has been ob-tained. And from other evidence which has recently come to us, we are forced to believe that we have been most grossly imposed upon, and that the said man is one of the best exe-ented counterfeitors out of State's prison. His best suits his purpose. We believe him a de-ceiver and a very dangerons man, whose word is false, whose designs are dark, and men and somen everywhere are warned against him as an inscrupulous villain. our excursion.
