THE COMING ELECTIONS. The result of the election in North Carolina, though a direct Republican loss, may be an undisguised blessing and the salvation of the party, if it is properly considered and improved The facts are that although we had 18,000 majority in that State on the Presidential vote of 1868 and 13,000 on the State ticket the same year:

and though we had seventy majority in the last Legislature, the next Legislature will have fifty Democratic majority; a Democratic Senator will succeed a Republican in the United States Senate, and four Democratic Congressmen will supplant as many of the Conference. facts, and deserve the attention they lature. twenty mines of water puges, fifty four miles of sewers, about thirfy miles of paved streets, and eighteen miles of sirect railways.

Command. They are entitled to attention because there are to be electrons this full in all of the States expensions. tions this fall in all of the States ex- The Convention by a large majori-

Five States have chosen United States Senators, leaving sixteen vet to do so. There are now in fall elections and the dates on which Orleans recently contained the following announcement: "Charles Dickens, the great the House sixty-six Democrats. It they occur: is hoped by the party to increase this number to a majority by securing their nests in the large gong ased to warn passengers of approaching trains at Chester, Panand do not seem to mind the discordant noises of their singular habitation.

The mine their nests in the large gong ased to warn passengers of approaching trains at Chester, Panand of the training and twenty-one from New York, of their singular habitation. Pennsylvania and Oliio The gains in the latter States are apportioned water in an Alameda well was caused by the presence of six dead cats. Its medicinal virtues had previously heen highly praised.

The latter beaces are approximately ten in New York, seven in Ohio and four in Pennsylvania. And a gain of four in North Carolina, where but of four in North Carolina, where but two was expected, has stimulated

The August elections have occurred in Kentucky, North Carolina and Tennessee. In September, California. Maine and Vermont vote; in October, Indiana, Iowa, Nebraska, Ohio, Pennsylvania and West Virginia; in November, Alabama, Arkansas, Florida, Kansas Lousiana, Maryland, Michigan, Massachusetts, Minnesota, Missouri, Nevada, New Jersey, New York, South Carolinia and Wisconsin. Here are a series of elections sandstone cannot profitably be emplyed for the fronts of buildings in New England towns. Its instantly at hand, controling the policy of the government and the government itself; and they are all threatened more or less by the influence of the late elections; by the matured and harmonious plans of the opposition, and by an apathy sprung from various causes in the Republican party. The great point to be of the strong men of the party desire insisted upon is, that these elections the nomination. Senator Buckalew exert a controling influence over the next Congress. The three great county the nomination is looked up-States may be said to have the com-, on as a "nominal honor." position of that body in their discretion; and that, at a time when Con-A few days ago Joseph Wiser, an industrious Jehn, of Rochester, N.
