

Bradford Reporter

LOCAL AND GENERAL

Mr. Tolson, the Lincoln Hill Camp Meeting, August 29th, the afternoon session...

Squirrels are numerous in this section, and sportsmen are having the time bringing them down.

We have a large stock of envelopes, letter and note paper, business and visiting cards, which we print on short notice.

An accident occurred at Curved Brook on the Barclay Railroad, on Saturday night, by which two loaded coal cars were demolished.

No more ice for Townsdenians this season. Mr. Adams informs us that his supply which he supposed would be ample for the entire season, has given out.

EMERSON SHAW, of Sheshequin, was 90 years old on Monday last, the 5th inst. He has noted at every election since Washington's election.

Mr. JAMES MACKINSON of this place, has an apple tree in his yard which has one branch now in full blossom. Can any one account for this strange phenomenon?

LANNIN'S Theatrical troupe have been performing at Mercers' Hall for some time past. They have given some of the best plays that have been seen in this town.

ROBERT CASE, Esq., of Troy, has presented to us a mammoth mackerel, weighing fourteen pounds, which he had just taken from the sea.

We learn that the fall term of Miss Hilditch's school will open on Monday next. Miss H. is an excellent teacher, and her pupils have been well educated.

The Presbytery of Lachawan will meet on the second Sabbath of the month, on Tuesday, 20th inst. The members of the church are requested to be present.

The Good Templars Hall at Adams was entered a few nights since and most of the regalia, cards, books, etc., taken. It is to be hoped the perpetrators of the nefarious act may be detected and strictly dealt with.

We have received from the agent for this county, MARTIN FERRELL, Esq., the "Laws of Business," by THOMAS H. BARRETT, Esq. The work contains a concise but complete treatise on the various branches of business.

SAMUEL F. COIT, Jr., has been appointed postmaster at Wyona. The office is kept at the Brick Church building, and a good supply of stationery may always be found at the depot.

REAL ESTATE CHANGES.—GEORGE H. WOOD has sold his brick store and residence, with site of public square, to Dr. D. D. SMITH. The house will occupy it as a residence and parlor.

FRANK TAYLOR has exchanged his dwelling on the plank road, for B. T. BURNETT'S residence on Main street.

The Susquehanna Collegiate Institute has opened under very favorable auspices. Nearly one hundred students are already in attendance. Now that the school has a good start we trust it will be liberally patronized. The principal, Mr. J. W. BROWN, is a well teaching a profession, and will remain in charge of the Institute so long as they are properly encouraged.

We are indebted to Mrs. PARRIS for a copy of her very interesting book, "Early Times on the Susquehanna." The work contains many interesting reminiscences and incidents connected in the early history of the county. Mrs. PARRIS has written the gratifying pleasant ideas of all sorts of events to preserve a record of the doings of the early settlers, and her book should have a place in every household.

WHAT WHISKEY DOES.—We agree with the Bulletin that the criminal and pauper population of Pennsylvania, "said to be about seven, is chiefly produced by the sale of whiskey. The revenue derived from liquor licenses amounts to about \$120,000 annually, and it costs the State about \$2,500,000 to support the criminals and pauper population of this liquor traffic through license."

The following statement is well substantiated, but we have no doubt some of our readers in this county would like to see the plot, and so suggest that friend Lewis leave it at the Reporter's office.

MR. HARRISON.—JACKSON LEWIS of this county, who has been in the habit of carrying on a business of buying and selling of real estate, has been arrested by the Sheriff of this county, on the charge of carrying on a business of buying and selling of real estate, and has been committed to the jail.

FATAL ACCIDENT.—FRANK L. PARRIS, son of J. PARRIS, Rome, Pa., aged 11 years and 6 months, while in the act of coming down from a straw stack, on the 19th of August, caught his arm in the top of a pitch fork, and was thrown to the ground, the pitch passing through the arm. The following Wednesday night he died from the effects of the injury. His funeral was attended at the M. E. Church at Wyona, on Friday, Sept. 15, by Mr. SULLIVAN officiating.

The Binghamton murderers have all been identified. Jarvis, one of the men who were drawn on the night of the murder, was recognized by the Ward House, Ithaca, as a man he saw at the Ward House in this place, about the time Taylor & Co's store was robbed the first time. Mr. F. remarked to the Sheriff, the proprietor of the Ward House at the time, that Jarvis, (who had assumed some other name) was a hard case.

RETURN, who is now in custody at Binghamton, is undoubtedly the leader of this gang. Mr. HARRISON, the surviving clerk, says in a note and general appearance he resembles the man who shot at him, and shot killed HARRISON, the other clerk.

The young man BROWN is a son of J. BROWN, Esq., of Stevensville. In his efforts to defend the property of his employers he perished his own life, and after his demise had been mortally wounded in driving the rollers from the store. As a testimonial to his memory, his employers have presented him with a beautiful gold watch.

PERSONAL.—WYON, S. F. COLE, D. D., has returned to Wyona, and is adding the pages of the Brick Church.

Miss McGRAW, of Norristown, is in town with her brother, Rev. W. McGRAW.

Rev. Geo. SARGENT is visiting friends in this place. Mr. S. has been and is very busy in his duties as a minister of the Gospel.

Rev. F. TOLSON, pastor of the Catholic Church, is in this place, leaving to-day to visit his friends in Ireland. Father Tolson has been indefatigable in his efforts to build up the church, and has been largely instrumental in the progress of the church in this place.

Rev. F. M. McALEER, of Mt. Carroll, Illinois, is in town this week.

Miss D. W. WOOD, who has been dangerously ill in Illinois, has now recovered, and is able to return to her home in this place.

Rev. F. TOLSON, pastor of the Catholic Church, is in this place, leaving to-day to visit his friends in Ireland. Father Tolson has been indefatigable in his efforts to build up the church, and has been largely instrumental in the progress of the church in this place.

Rev. F. M. McALEER, of Mt. Carroll, Illinois, is in town this week.

Miss D. W. WOOD, who has been dangerously ill in Illinois, has now recovered, and is able to return to her home in this place.

Rev. F. TOLSON, pastor of the Catholic Church, is in this place, leaving to-day to visit his friends in Ireland. Father Tolson has been indefatigable in his efforts to build up the church, and has been largely instrumental in the progress of the church in this place.

Rev. F. M. McALEER, of Mt. Carroll, Illinois, is in town this week.

Miss D. W. WOOD, who has been dangerously ill in Illinois, has now recovered, and is able to return to her home in this place.

Low—On Thursday last, between the 25th and 26th of August, a heavy rain fell, and the water in the Susquehanna River rose to a high stage.

The water in the Susquehanna River rose to a high stage, and the water in the Susquehanna River rose to a high stage.
