Canal Company has contracted with Governor. Walker for fifty convicts to work on repairing the damage done by the late flood.

-The Arc de Triomphe, Paris, is Total. being surmounted by a platform on which are placed six mitraleures for use in a street com-bat, should it come.

-The Iowa census shows there are 40,000 more men than women, and that in Massachusetts there are over 40,000 more wo-men than men.

-A man in the outskirts of Richmond, Virginia, has been shooting birdshot in-to negroes just for fun, but finds his enjoyment has been interfered with for five years.

-Hops are being brought in such the state of the billiourn, Wis, market that the growers are compelled to sell at rates that do not pay for the labor of raising.

-The most stylish weddings to take place this writer are to be managed in the simplest and plainest manner, with no brides-maids, groomsmen or ushers, and no reception.

Pennsylvania, Vermont and Maine, are becom-ing more than ever marked features in the bus-iness of the country, from sudden increases in the demand made for American slate abroad.

-The San Francisco police made

-It is reported that a fine vein of ivon ore has been discovered in Crawford coun-ty, mear the line of the Erie and Pittsburg Rail-road. It is said to be exceedingly rich, and to yield sixty-por cent. Limestone for flux is found on the ground.

that a company of engineers are now locating the new road which is to run from that place to Evansport, and from there into Fennsylra-nia. The surveyors are about eight miles from Manassas at this time.

-A "bottomless hole" has been found at the northern end of Blue Hill, Nevada. One explorer descended to the depths of two hundred feet without finding any evidence of its termination. The walls abound with stalac-tities resembling coral.

-The Mount Washington Railway is already finding imitations abroad. A railway is being built up the flight upon Mr. Marsh's principle, and is in fact nearly completed. A short road for carrying freight up an inclination is also being constructed in Peru.

-Lumbermen upon the Alleghany Five near Tionests and Thioute, are getting Jarge quantities of lumber on the river bank ready for radius by the fall and spring freshets. Soveral ratis lie atranded along the river that were laid up early last spring, no rise of suit-cient importance to float them off having since occurred. ities.

-The projectors of the new springfield and Cincinnati Short-line Railroad say that steel rail will be used between these points, and that trains will make sixty miles an hour if necessary—as good time as is made or English roads.

-The burning well has been "struck" on the plantation of Wade Hampton, in Virguna. It has been burning steadily for more than two weeks. The Greenville Repub-lican may that the gas, when bottled, burne readily, and has a supplurous smell.

-The State of Nebraska offers a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church that will build a suitable lot to every church the capital of the Congressional District met in Tunk-hannock Tuesday last, and footed up the returns from the several counties with the following result: -The James River and Kanawha Canal Company has contracted with Governor Waker for fifty convicts to work on repairing the danage done by the late flood.
