Little things and little things that people have often brought great things to pass. The large world in which we live is made up of little worlds, smaller than the ends of the earth. The man who has a good drop of water. The little house, how much honey they gather! Do not be discouraged because you are little. A little star shines brightly in the sky in the dark night, and may be the nearest to the sun or a poor sailor from shipwreck. A small sum saved on each purchase will amount to a good deal in the course of the year. If you desire to try the experiment, try our goods. Powell & Knorr, and Mr. Wray are selling goods very low.

A public Sunday temperance meeting under the auspices of the Good Templar Convention was held last Sabbath afternoon at Temperance Hall, Towanda. The attendance was large and the exercises, although brief, were of a very interesting character. The meeting was presided over by Miss Kestler, appropriate scriptures were read and short addresses by Dr. Pratt and Rev. O. L. G. Mason. The speakers clearly pointed out the duty of Christians with regard to their co-operation with temperance organizations in carrying forward the temperance reform. They also discussed in strong terms the wickedness of the liquor traffic, and the duties of law-abiding citizens to make law makers directly responsible for a large share of the evil.

The next meeting will be held at the same place in two weeks, the 14th Sabbath of the month, of which notice will be given. All well wishers of the cause are cordially invited to meet with us, and aid in carrying forward this enterprise.

Just as we are about to close our year, we are to be treated to a temperance lecture next Tuesday evening, 18th, by Mr. Lummis, a photographic artist at present stopping in our place. We expect nothing good as he has already given evidence that he is a first-class lecturer, a skillful artist and gentleman.

L. Moody has discontinued his business in LeRoy. We trust that Mr. R. will prosper in his new vocation.

TEACHERS' INSTITUTE AT LEBarryVILLE.—Well, Mr. Editor, we have been to the teachers' institute at LeBarryville, carried on under the direction of Prof. Keezer.
