Stratched out upon a pile of rocks imbedded a short distance out inte the son, were from sixty to a hun-

drod huge "Scals" or "Sea Lions," quarreling among themselves to get the lion's share of th best place in which to sun themselves." What a strange growing they kept up, these hage Levistham ! Some of them we were told more sured from 15 to 20 feet in longth.

Thousands of see galls, not the least affright od, perched upon the same rocher-detail their dissignitionity they work doublines all mities. It was a curious sight to per uninitiated even. and we restalited many hours, watching thes monsters and listening at mus ti) their mus and to that of the military doen before as. Be luciantly we entered our earriages and drov back to the city, stopping by the way at Lone Mountain Cemetery, where strangers are ex-pected to pay their stitute of respect to the memory of Functor Baconneck and Gen. Banza. Here'we found some of the wonderful flower of this strange land. I These more familiar us, sven our choicest hot-bod plants, grew;

rank inversion attaining unnatural propor tions from years of outer door growth. Bose empeding in bolor and perfume any we had ever soen were in full bloom. The general aspect of the land in and about San Francisco is barron, sandy and sterile; yet

stringe contradiction, this soil produces in the highest performed, they farmer of fruit, flower be regarded as rough habguage. But and forage. The strawberry senses hats here from May until January. One very large Mind is white, with a pulp so firm as to resemble in taste a delicious molon. The windmill, absolutely necessary here

taising water during the dry season, impressed us most Indicronaly. One sees It at every turn. it becomes truly a work of art by the rivalry usually has the precedence.

A visit to Geyser Springs comes next on the appointed time. We go by steamboat a distance of twenty-three miles - 4 most "harming sail too boon a schiplished. Forty-two miks by this britgs us to Calistogs, through the fer-

tile Nappa valley, noted for its grapo vineyards. Bucks county man. We rest for the night, and at 7 o'clock Wodnesday morning we ascend a en miles between us and the famous springs.

The first tweyty-two wind through a circuitous, ver-ascending mountain pass. Fearful chasms | rates are due to the high credit, unblemiabed publi
