THE GREAT FAMILY

DOMESTIC

SEWING MACHINE Was improved January 1872, the which it is all the latest improvements that invention has produced making it one of the produced transpass of art. Machinists are monderfully delicible and as simplicity and power so great. All parts strates destructionages here have proved to the reactive for the reactive for the reactive for a part of the parts. Camer make it drop a stitch. Tension will not change in swedy, as in other machines. It is one of the react properliar Michinis where it is him was everybody. All admire it who never seem, People that have fitten are so delicated with the although with the although a virillar to fitten as to see the public, it passes everybody. All admire it whenever seem, People that have fitten are so delicated with the although register of the latest and the art to run it. The astonishing that that said Juniary 1872, having required all the latest as provenents, i months, the company have sold hearty Duton Machines, with so few a set of small traitory cannot all that our people are an interest that so particle and that our people are an interest of the encounted without carefully defined to the sold and recommend without carefully the first of a towyers to get the encounted indoors so long I fed the continued without carefully the sold and recommend without carefully the first of a delicated that want to buy a Sewing Machine that I was a called brighted wants liberty. And now them is a called brighted wants liberty, or otherwise and it will che entitly bring you a Bounstie, and you by try it for a week, and if it does not prove your. edered. I will thank you for your trouble ar let ully take it away. But it seems as though take tear you say, "I connot part with it. Co locar you say, "I connot part with it. Co locar is not full without it." Terms idenal.
