Forty-three per cent. of the entire House are Democrats, about twenty per cent. are Republicans of Western tariff views. With such a House it required delicate and skillful management to avert a regular blow-up on the tariff question. Our Pennsylvania friends will please make a note

In the third place, let it be known that the wise concession of the very moderate reduction of duties that was made has settled the tariff on a firmer basis than it has rested for a juarter of a century. To have refused that would have been to remand the issue to the violence of the hustings, and vested interests and great enterprises would have been shocked and paralyzed in the encounter. For the wise settlement that has averted this, more is due to the good management, the frank dealing, and the active influence of Speaker Blaine, than to all other causes combined. We trust that our Pennsylvania friends will do justice to the Speaker. Sermon before the Society of Religious Inquiry by Rev. Wm. Lloyd, of Rochester, Sunday, June 22 t 75; p.m., in the First Presbytesian Church, COMPLETE SUCCESS of the Kirby Two THE COMPLETE SUCCESS of the Kirdy Two-Wheel Mower has inver been equalled in the history of mowing and reaping machines. From every part of the country there comes united testimony in regard to its perfectly satisfactory performance in every possible kind of work. Last year I sold forty of these Kirdy nowels nearly all to be used in this country. It was the first season of introduction into this territory. During the season's use, the Kirdy has estalgashed for itself an enviable reputation for itself as a complete and valuable mowing machine. Candidates for admission will be examined in atin. Monday, June 21; in Greek and Mathematics. Uneaday, June 25; and other preparatory studies, Vednesday, June 26. Examinations vill commence Entrance Examinations will also be held in the same order, Monday, Theader ame order. Monday, Tuesday, and Wednes tion for itself as a complete and valuable mowing machine.

Its reputation as a light draft and proverful cultury mower, for adoption to dil kinds of grass and conface, and for the COMPLETE CONTROLOVER THE CUTTING APPABATUS, have never been equalled, without being what is called a "high geared" in chine, it has nevertheless exhibited WOMPLETU CUTTING POWER when driven at a VIRY SLOW walk :—securing thereby all the advantages of a "high geared" machine, without its recry attention disadvantage; namely; wearing out rapidly and being short lived, in consequence of extreme but motion. Send for circulars. R. M. WELLES.
