THE CAMPAIGN REPORTER. We direct especial attention to the prospectus for the Campaign Re PURTER in another column. We hope every subscriber will interest himself chough to secure at least one new tidelity of the Reporter in past years, nor allude to the urgent necessity of giving circulation to a journal which has stood by the Republican party and its principles, from the day of its organization, and enjoys the respect and confidence of true and loyal Republicans wherever it is read. The Tribune does not confine its opposition now to Gen. GRANT, but to the whole Republican party. In its weekly issue of the 10th inst, in before the convention without further an article entitled, "A few more figures, we find the following:

We certainly are thankful that the Army and tion, at least in a pecuniary sense, and that the thomey which might have been lavished on idle ships and idle regiments remains in the Treasury. We rejoice that the country has been prosperous, the revenue large, the debt diminished, and the nation's credit sustained; but when we are called upon to give Precident Grant, or even the Republican Congress, credit tor-threst blessings, we respectfully demur. There is a middle ground between an economical and a corrupt administration. Economy is a positive quality: To administer a great public trust with wise economy is not simply to abstain from embeezling the funds. If the claim which is put forth in support of the economy of the President and Congress has any foundation, we are to look for it in the ordinary matters cover which the President and Congress have control. Had the Government maintained the Army and Navy on a war footing, they would have committed an outrage. Much money has been saved by reducing the military and navalestablishments, but whether more could not be-aved we have no means of knowing. We wish to find out whether or not the Grant Administration has been economical, and to do this we must select proper objects for comparison.

The expenses of Congress itself seem to fulfull this requirement. Now we find that the scoot of the XLth Congress, from June 30, 1869, was \$6,651,074, including humbs, and that of the XLiat Congress from June 30, 1869, to June 30, 1871, was \$11,223,042. We find no evidence of economy here; but, on the contrary, a startling increase in the bill. We are at a loss to conceive what we have had for all these millions. It scarcely seems possible that the XLiat Congress was worth five millions more than the XLth.

The Tribune knows that during tion, at least in a pecuniary sense, and that the money which might have been lavished on idle

The Tribune knows that during the XLIst Congress, the Southern States which had not been represented for several years, sent members and Senators to Congress, which accounts for the increase in expenses. We make the broad statement that there is nothing in the official reports of Government expenditures from 1867 to the latest issue to countrance in the slightest degree the boast of superior economy which is so body made by the partisans of Gen. Grant. It is not an easy matter for a great and unwieldy Government, such as that of the United States has now become, to make progress in the direction of economy. For the last three years, leaving out of the account the Army and Navy, the progress has been the other way. Democratic party. The voice may be Jacob's, but the hand will be published an elaborate review of the political situation in that State, re-And the end will be as when Joab turns from two counties only being missing. The conclusion of the Times is that New York will not only give her electoral vote to Grant and Willsox, but will do so by a majority of 25,000 or 20,000.

> Would Honor Greeky, if elected, suspend the writ of habeas corpus in a South Carolina district where the Kn-klux were rampant? As an editor, one year ago, he advised President Grant to perform this service for the cause of humanity. Now he denounces him for the same act. Who has changed?

MOWER! he Lightest Draft, Most Durable and Easiest Con trolled Machine in the World! Has receeived rolled Machine in the world! Has recrease the First Premium wherever exhibited at Agricultural Town and County Fairs.

Manufactured by CHAS. PERRIGO & CO., Groton, Tompkins county, N. Y. THE YOUNG WARRIOR

THE YOUNG WARRIOR

Has two Driving Wheels, Iron Frame, Steel Cut Bar

Steel-Plated Guards, Planetary Gearing, has no Side
Draft is a Close Guarded Machine. It will mow the
finest grass WITHOUT CLOGGING. Can beat the
world mowing on Rough or Stony ground. At
gearing is protected from dirt and grass. The
Wheel on the Outer Shoeruns inside of the SwatherReasons why it should be purchased in prefer,
ence to any other Mower: 1. Being Wider Track,
holds its position on side-fill; the wheels running
on the ground instead of on the cut grass; for the
same reason mows wet or swalo land, leaving the
cut grass lying lobse and light: 2. Being close,
guarded, the knives are protected from stones. 3.
The rolling motion of the Cut Bar allowing it to
pass over stones and obstructions; passing in and
out of dead furrows without Stopping or Clogking.
The chief beauty of this Machine is: It can mow
the heaviest lodged or fine wet Grass, without stopping.or. worrying the team, and no team can walk
slow enough to clog it. Farmers should try this
Machine before they buy. THE AIKENS PLOW. ufactured by Chas. Perrigo & Co., Groton, N.Y THE AIRENS PATENT SIDE HILL PLOW

THE AIRENS PATENT SIDE HILL PLOW
Was invented and patented as a Side Hill Plow, but
experience has demonstrated that it is as well adapted to Lovel Land Plowing as the best Flat Land
Plows. We claim for it superiority over any other
plow in use, for the reason that it works well both
on side Hill and Level Land. It is no experiment,
it has been manutatured for the past eight years,
and of the hundreds sold in that time not one has
been returned. Every Plow warranted. Retail
price \$15,00. Orders promptly attended to.
