ROCHESTER, N. Y., July 19.-The Democrat and Chronicle contains an

To the Women of the United States : The hour for political action has come. For and woman is no longer ignored. This is the thin edge of the entering wedge which shall break woman's slavery in to pieces, and make break woman's slavery in to pieces, and make us at last a nation in which easte of sex shall fall with easte of color, and humanity alone shall be the criterion of human rights.

The women'of the country have long looked to the Republican party in hope, not in vain, for to-day we are launched into the political sea. It must hereafter fight our battles. This great party, this progressive party, having taken the initiative step, will never go back on its record. Many lepublican leaders and Republican candidates extend their sympathy, while the other party gives no promise either in its platform or letters of its isominets. Horace directly has for many years been our most bitter opponent. Both by tongue and pen he has heaped abuse, ridicule, and misrepresentation upon our leadridicule, and misrepresentation upon our lead-ing women, while the whole power of the *Trib-*om has been used to crush out our great, re-form, and now he continues his hestile course.

Women and women speakers are carnestly needed to co-operate therefore with the Repubican party.
