ALIENATION. A writer in Fraser's Magazine discasses very ably the above subject, especially with reference to families. In speaking of the self denying ef-forts of parents to educate their children, and the alienation which the superior education causes, he remarks :

Think of change in social place, and the change in the relation of pecple which it makes. When one has known of a poor cottager and his wife, pinching themselves olue to send their clever boy to a Scotch in Advance. university and push him forward in-NUMBER 39. to the Church, it was sad to think of the estrangement which was sure to follow the success of all their bard toils and schemes. Even when the [For the Reporten.] son is a worthy fellow, what a sever-

ance that dear bought education sometimes as if we of must-make; and when he gets a livwere afflicted with ing, and finds himself among a new have even they of an- set of associates, and perhaps makes ad their troubles were a respectable marriage, the old pay to be recorded in Sa- rents will seldom see him ; and it ind handed down to all will be a vague, black sense of disap-tions. Along with the pointment when they do. Then he may not be a worthy fellow, but a d o her plagues, are heartless humbug, who designedly d in placing the ave- draws off from the poor old pair who er correspondent, as he did everything for him; and bid- his rishes in the small vil mother not recognize him, when she ol districts of the land? meets him in the street with any of vs the life insurance his genteel friends. I hate the word raveling representative grateel; but it is the right word here. hing wholesale estab I have known such an animal, comad enough; and even ing home for a few days' visit, up-r of a city paper has a braid his poor old mother for not wholly void of offence; sufficiently polishing his boots, and ed are not a tallow- superciliously smile at her ignorance to a Drammond light, of his meaning when he bade her our village reporter. take away his clothes and brush tern of patience and them.

at he is, did not have I don't see whose fault it was, or contend with; and the whether it was anybody's fault, but when he wrote it always grated on one painfully to ... han a serpent's tooth it is hear of old John McLiver working for his eighteen pence a day, an old hanged the first line man, when his son, not seen by , had be lived in more him for many a day and year. was and had one of these known to fame as Sir Colin Campquill on his track, re- bell and then as Lord Clyde. That ery thought and action eminent man was unlucky in the of a public who, in all matter of names. To the name of I not care enough for Campbell he had no more right than it. The trouble seems | I have ; and his title was taken from se persons place too the name of a river with which he on themselves, and their had nothing earthly to do. . Perhaps roundings. The news it would have been so akward for loat in every village, the Field-Marshal to have walked inparamount importance to the loborer's cottage, perhaps fahere it transpires, but ther and son would have found so that it would be of little in common, that it may have to the outside world, been wise in the peer, instead of goersons and places are ing to see his, father, to send a little wn; and in most places money now and then to the parish th ready and willing to ministry to add to or increase his comghbors informed of all forts. No doubt Berkeley Square, s, without the expense and the little island in the Hebrides, per or the trouble of were not five hundred, but five hundred millions of miles apart. All I

THE LAUGHING PLANT.

without paying toll, if now the Reverend gen-Palgrave's work on Central and ly of his flowery dis Eastern Arabia furnishes something would it interest you now furnishes something new for that Shortweight & Co., betauists. A plant is described, unnly grocers, had just re-der the name of "laughing plant," heaven. Exercise the law of for ceived a new stock of goods, which the seeds of which produce effects they were selling cheap, if you lived very much like laughing gas. It so far from them that you could not grows only in Arabia, attaining a ouy their goods? Or would you ight of only about six inchess a give a fig to know that a sociable Kasseem, while at Oman it rises' to three and four feet, with widespreading branches, being woody and the leaves green. - Its flowers, in ufts, are vellow. Two or three black was the belle of the evening, and seeds, much like French beans in sinashed innumerable masculine shape and size, are produced in a hearts by the witchery of her smiles. soft, woody kind of capsule. They Yet three fourths of the matter conhave a sweetish taste, with a slight tained in the local correspondence of flavor of opium. The odor from our county papers, is of no more in them is rather offensive, producing a terest to the general public than this. sickening sensation The essential The desire for notoriety is inherent property of this extraordinary plant in the human breast, and it must on the seed, which, pulverized and find an outlet somewhere, some way, idministered cantiously, soon begins There is nothing wrong in the fact to operate in a way to create astonitself, if people would only be led by ishment. The person begins to laugh it to noble deeds and actions worthy boisterously; then he dances, sings, of being noticed and remembered. and cuts fantastic capers of a ludi crous character. Such extravagance "Lives of great men all remind us of manner was never witnessed from fo may make *our* lives sublime, any other dosing. It is uproarious-And departing, leave behind us Footprints on the sands of time.' ly funny for about an hour. It is a It such were the end and aim o common amusement to charge food every one who feels this feverish with the powder for an unsuspecting longing to see his name and deeds individual, for the harmless enjoy ment of his capering antics. deed a laudable ambition; but then the excitement subsides, the exhaustsome one worthier than a local cor-led exhibitor falls into a profound respondent would send down their slumber. In another hour, on waknames to and deeds to an admiring ing, he is totally unconscious of what posterity. It is a hard lesson, and has occurred. It is a common exone we seldom learn to perfection, pression that there is nothing new "To keep still when we have nothing under the sun. Surely to men of to say," but if it were instilled into science this is something new, demen's minds from infancy to old age, manding their careful investigation sa Cobb says in his beautiful song, of such extraordinary properties of a vegetable growth that exercises such 'the world would be the better for potent influence over the brain. But When the Church Fathers next t is morally certain that this recenty discovered vegetable growth, 'so extrordinary in its potent influence as those professors of materia medica who are supposed to know all that is to be known of plants, from the ce-VERITAS. dars of lebanon to the hyssop that springeth out of the wall. SELF DISCIPLINE. SEND FOR MOTHER Dr. Andrew Combe is an instance "Dear me! it wasn't enough for of what may be done under the most disadvantageous circumstances even | me to nurse and raise a family of my over your affections. Here's a man by a helpless invalid. He was well own, but now, when I'm old and exand wife who think if they have a educated in medical science, and for spect to have a little comfort here, it house they will have a home. They many years he practiced as a physicilis all the time, 'Send for mother l cian.
