WOOL CARDING, & C.
After a process of four years, and heavy expenditure
in improving Mills and Water Power, we again re-
sume our old business of
MANUFACTURING WOOL, CARDING, CLOTH
DRESSING, & C.
Appreciating the hard times, we have thought
best to let down our rates, but to our industry
as the best means of restoring vitality.
For the accommodation of the nearly extinct race
of Spinners, we shall make Balls, for those who
prefer, we will make Yarn.
STOCKING YARN, FLANNELS, & C.
In conjunction with Local agents, we propose to
add the largeness of the country by making a few
large balls of Stocking Yarn, that will enable
every man to keep his breeches on.
Those who can, should call, and we will show
them one of the snugest and most complete
Woolen Factories.
In the United States.
Our machinery is new in good order, and our water
power is unsurpassing; the public may be in our
four departments, and we warrant all work to be
done properly.

RUBBER PAINT!
THE BEST PAINT IN THE WORLD.
ALL SHADES, TINTS, & COLORS
PURE WHITE AND JET BLACK.
FOR SALE AT WHOLESALE AND RETAIL.
CHEAP, DURABLE, ELASTIC,
WATER PROOF & BEAUTIFUL.
Made from the very best material. Two coats of
the Rubbing Paint are better than three coats of
ordinary paint.
It is a chemical compound, which, when applied
as paint, is as firm as horn, yet elastic, and produc-
ing a gloss equal to varnish.
It has been manufactured in the United States for
sixty years and stood the severest tests, and has
established for itself a brilliant reputation upon a
firm basis for the following qualities: Durable, not
affected by sun, wind, frost, heat, or water; firm
and elastic, strong and adhesive, will not crack or
peel; retains its color, giving a surface as bright,
smooth, and delicate as varnish. It does not
from the brush freely and settles promptly. Is adapted
to all kinds of painting on either wood, iron, brick,
or plaster. No other paint will retain water equal
to it, making it unequalled for painting vessels or
metal roofs.
In all the requisites of a first-class paint the Rub-
ber Paint is unequalled. It is prepared in Pure
White, and in all colors and other colors, compre-
siding any number of different shades. One gallon of
the Rubbing Paint will cover twenty to thirty yards
two coats.
