RUBBER PAINT!

PURE WHITE AND JET BLACK.

FOR SALE AT WHOLESALE AND RETAIL.

CHEAP, DURABLE, ELASTIC,

WATER PROOF & BEAUTIFUL,

Made from the very best material. Two coats of the RUBBER PAINT are better than three coats of ordinary paint.

It is a chemical compound, which, when applied as paint, is as firm as horn, yet elastic, and produc *ing a gloss equal to varnish.*

It has been manufactured in the United States for six years past and stood the severest tests, and has established for itself a brilliant reputation upon a firm basis for the following qualities needed to make any paint valuable, namely: Durable, not affected by sun, wind, frost, heat, or water; firm and elastic, strong and adhesive, will not crack or peel off; retains its color, giving a surface as bright, smooth, and delicate as if varnished. It dows from the brush freely and settles promptly. Is adapted to all kinds of painting on either wood, iron, brick, or plaster. No other paint will resist water equal to it, making it unequaled for painting vessels or metal roofs.

In all the requisites of a first-class paint the Rubber Paint is unequaled. It is prepared in Pure White, and in all Cottage and other colors, comprising any number of different shades. One gallon of the Rubber Paint will cover twenty to thirty yards two coats.

MIXED READY FOR USE AND SOLD BY THE GALLON In 1, 2, 3, 4, 5, 10, 15, 20, and 40 GALLON PACKAGES, AT MANUFACTURERS' PRICES.
