THE TOWANDA JOURNAL. The unparalleled growth of the SOURNAL since its first publication, proves conclusively that it is meeting most satisfactorily a want long felt in the county, viz: a cheap and independent newspaper, devoted to home news and interests. That it is the best local paper in Bradford county is indicated by the wonderful growth of its circulation. Less than seven months old it has added between IS00 and I600 names to its subscription list. WHY IT IS THE BEST. WHY IT IS THE BEST. To the publication of county and local news it gives puricular sitention. Becognizing this fact inst a county newspaper is valued chiefly for its home hews; it makes this department the prominent feature.
