An effort is being made to organ ize a Young Men's Christian Association and free Reading Room, in this place, and we trust all good citizens will aid the enterprise. If one thousand dollars can be raised to fit up rooms. purchase papers, magazines, etc., the Association will be organized at once.

was certified to Susquehanna county.

We are pleased to see our young friend Dr. D. LEONARD PRATT, at home again. Dr. P. graduated at the recent commencement of Jefferson Medical College, Philadelphia, and was one of the few who received special mention from the Faulty. We understand he will enter into business with his father. If he\_proves as successful a practicioner, and useful cit zen as Dr. D. THE wardens and vestry of St. Paul's Episcopal Church, of Troy, on Saturday, the monster vice, intemperance. We heartily passed the following resolution: "That in view of the removal of Rev. Dr. L D. Ferguson, from this place, we express our regret at his departure as a serious loss to our church and society. We consider it our duty and privilege to render this testimony of our love and esteem for him as a man and a Chris tian, as well as that of our appreciation of his ability and eloquence as a preacher of the Gospel, which his church and congregation have unapimously expressed during his labors here. Meanwhile our best wishes and prayers attend him and his family to a new, and as we trust, to a successful field of labor."

F REv. L. D. FERGUSON, Rector of St. Paul's Episcopal Church, in this village, preached an able and finished, discourse, at the Methodist church, on Sunday evening, to a good audience. Dr. FERGUSON is a fine speaker, a man of pleasing presence, and his fluished delivery and elegant precision of language, combine to make his pulpit efforts very enjoyable. During his stay in this place he has gain ed many warm friends who will wish him success in his new field of labor, one of the most promising in Northern Michigan. His son, Henner V. A. Perguson, w young man of scholarly tastes and ability, who was formerly editor of the Wellsboro' Democrat, we understand goes to Northern New York to engage in the editorial profession again. - N. T. We correct two or three of the many typographical errors occuring in the paper published in the educational column this week. The corrections were made too late to appear in their proper place. Under the discussion of Normal Schools, it should read "our county superintendent says that scarcely onesixtieth [instead of one-sixteenth] of our teachers come from our Normal Schools." Again, "And yet our State is annually spending one hundred, thousand (\$100,000) dollars, more or less, in six or eight favored localities. etc., instead of one million, (\$1,000,000) etc. Again, under the head of Common Schools. EDUCATIONAL DEPARTMENT. - The chairman of the editorial committee, desires, brough the local column, a word with his associates first, to the reading public afterward. The editor in churge must forward his mair so that it may reach the printing office on

the Wednesday preceding its publication-one week in advance. Excuses are unpleasant, but sometimes neessary. The editor of the educational column last week failed to send his matter to the office in time for publication. Another took his place, and hastily improvised a column, giving the delinquent one a chance to exhibit this week. The same tardiness repeated. No doubt his articles were good and practical; but unforiunately they are in the printer's drawer, in: stead of the educational department, being two days late. We trust hereafter each editor will carefully do his work in time. If so, the column will be invaluable to the teachers. The

UNCLE SAM. East Smithfield, March 13, 1875. THE building of a new house of worship by the Presbyterian society, seems now to be a foregone conclusion: It was announced at the congregational meeting last Wednesday evening, that the twenty thousand dollars needed had been fully subscribed. A meeting of the subscribers has been called for this (Thursday) evening, at the church, beginning at 7½ o'clock, to take immediate measures for the new building. A site will be selected, and committees on places and building be appointed. The choice of location will probably be made from the following lots, viz: the Lewis lot, next to the old church; the Ballard lot, opposite; or the Herrick lot, on Canton street. The last named lot will be thought by many to be the best site in the town for such a church as will undoubtedly be built. Some, however, ere much attached to the vicinity of the old building. By the terms of the subscription papers only bona side subscribers will be entitled to vote, and each person may deposit one vote for each hundred dollars, subscribed by him. The new building is to be in modern style, probably of brick trimmed with stone. It will consist of a main audience room, and suitable Sanday-school and prayer-meeting rooms, with church parlors. The Presbyterian church aild congregation are to be congratulated on the success of the undertaking thus far. It angurs vell for the future,-N. T. Gazette,
