One of the stockholders of McClure's Times recently received a letter from pearance before their party, to make this admission, accompanied with a mean insinuation that they are unators, even declining to leave her to Mr. Thompson, of Indiana county. The telegram to Mr. Thompson, the Government of the country of the cou Gov. Bigler explanatory of what the Governor had a few days previously explained ble to support with evidence. This room when they are in the house or said, "was designed simply to assure him that I would not dissent from grounds, I anticipated nothing less those proceedings, and published without months of investigation, during two card. To the doctor's surprise and it would be misunderstood as a public declaration of my desire and purpose to be a candidate for Governor. I had no such intention then, and have no such in-The explanation explaining just what

the Governor meant in the telegram is thus given to the Times' man by Mr. Bigbut rambling and diffuse in her conversation. She alluded rationally, ler: "I hold, however, that in the present condition of public affairs, no man can be justified in declining responsible trust, and especially one upon whom so many honors have been conferred in MY more however, to the past; spoke tenderly mbitious years.! ed memories of Noah Brooks, then The Governor then goes on to tell how her husband's assistant secretary.

ardently he is devoted to the Centennial: but here let me observe, that if the liberal compensation the ex-Governor receives for that devotion was divided into ten equal parts, it would secure the services of at least ten men who would just as carearnestness if the murderer of Hon. nestly devote themselves to the Centenni Sharon Tyndale; of Springfield, had al, and who would not use their positions

for political purposes.

As this is an era of suspicion, it occurs to me that the Republican party of the State will, somehow or other, come to regard the Centennial as a sort of patriotic propagating house, especially designed to force their most peculiarly favored serv-ant into a full blown Governor. And if boquet from a crystal vase on her table and asked me to accept it. As the friends of the score or more of Democratic candidates should look upon this matter from a similar standpoint, it seems the old society manner, and my heart | to me that the Centennial Commission, to was full for the woman who sat down | say the least, is doing an unwise thing in silent and alone in her solitary room putting forward a candidate for executive of the State.

A GOOD LITTLE BOY. ators and ambassadors in the light of He was a real nice little boy, and his name was John Henry Thomas. For supthat gracious kindly smile, long since per he ate heartily of cucumbers, and had he been satisfied therewith, he might now THE Lonisville Courier-Journal holds a position under the govern-says: "If the south has a few years of ples at the corner store tempted him, and military rule and a few years of such crops as those of this year, that section will also all the sections and the lived until the following Saturday, he would probably have replaced it with the "But few of the Republican office, tion will show the world there is life ten cents Mrs. LeGrand always gave him in the old land still." The south might have had already ten years of successive peace if her people had so willed, and at least six years of abundmight have had already ten years of willed, and at least six years of abundhis first cigar that played havoe with his internal machinery. As Johnny was reti-cent about his investment until he was themselves to industry, instead of too sick to tell the doctor of it, the good old doctor said he died of "green vomit." His Sunday-school class attended his funeral, and appeared deeply touched as If the southern states have not attained a proper degree of prosperity

from the Ledger:

He was his parents pride; . / We loved him, perhaps, all too much, what has there been to interfere with Gone to meet his brother." There has been but one case of murder of liquor, which, according to the theory of our District Attorney, is not murder their enjoyment, but for the party, has been completely under the con- at all. This time it was Patrick F. Broescaped from the room, taking her boy, aged about six years, into the yard with laggers have not been permitted to her, leaving an infant nine months old a child of their own begetting, they would lying on the bed. As the husband, drunk have cast the brat aside long ago and rehold any offices of consequence; she has for years had a solid white deleor sober, had always a warm affection for gation in congress; what, then, does ing from the room, thought only of the boy for whom the father, when drunk, the Courier-Journal demand for Kentucky that she has not enjoyed politically? The same may be said of a number of other southern states—in fact, all but two. In the few localities where troops have been necessary to keep the peace, and protect life and rights and property, the southern people themselves have been to blame for a dozen years, we are having an abundant harvest of just such drunken manfor the necessity of armed protection. slaughter cases. The whole north rejoice that the south It is not a pleasant subject to write

will have large crops this year, and that I recently mentioned that Mr. Alfred that peace prevails throughout all the Bamber left his wife and children safe at home a nice summer afternoon, two or THE Tunkhannock Republican, the Glouchester gardens, and that a which has always advocated prohibia \$80 diamond ring from "Al's" finger tion in preference to Republican prin-ciples, does not think temperance turn it, she swallowed it. The lady was "stirring up the delinquents." What a very loud cackle over a very small against Habtranft, and therefore lodged in prison, charged with the theft; an emetic and stomach-pump was applied, but the diamond was not dislodged. The recommends a hearty support of the Republican ticket. In its last issue bail to the extent of \$2,000. Premonitions of trouble presenting themselves in the region of the digestive apparatus of the ring-swallower, she called in the services "The Prohibition candidates, tho' they are admitted to be good and of one of our best physicians, who gave design, use freely of castor oil until-the patient recovers : or, which is about the

The Delaware peach-growers have made arrangements to ship about 35,000 baskets of peaches a week to Liverpool, via the that year, prescribing exactly the pat on the back, but they must not. The forward steerage cabin will be fitted "There is a possibility of the deaverage temperature of that part of the vessel is 50 degrees, the expense for ice of the Legislature. In view of the Prohibition standard, and if the Prohibition standard, and if the Prohibition standard could take the Philadelphia and Liverpool, it is believed will not be very great, and the cost per operations of the new constitution, then adopted, prohibiting local legisliation, and thus reducing the volume the substitution candidate could take the prize Republicans might not complete substitution, and thus reducing the volume to the substitution of the shipment of peaches to Europe will prove successful. If the peach-growers will only bear in mind that next year is Centennial year, and would not forget to of business to a very small compass, full accord with Republican measures. can all the peaches they can, they will make an investment that will find a profi-

countries one or any other country, tomed," It was only when our forefa-We believe in the sovereignty of the people, that they are the source of all rightful political authority—that all have an equal right to vote, and to hold office they can fairly obtain votes enough. changed for a pure democracy, or a government in which the people acted directly

for themselves without choosing represen-tatives. Athens, a city in which learning and the arts were cultivated to the high-est point of excellence, became a pure democracy, in which the people assembled in a great mass meeting and passed the decrees for their government, and no city in ancient Greece was worse governed. Great orators swayed the minds of the people with their eloquence and ruled for a time as absolute as kings, until they people. Banishment by the ostracism, or a vote of the people, was a common occurrence. Aristides the Just, and others of the best men in the city, were banished from their homes for ten years, for slight offences or for no offences at all, only suspected offences. Pericles, a great orator, ruled Athens for a period of forty years, and Aspasia, his mistress, ruled him.

If the Capitol at Harrisburg were large enough to hold all the voters in the State, and was so constructed that all could hear and make themselves heard when assem bled in it, and if they all had time to spare and should go there and legislate for themselves, it is very doubtful whether the public welfare would be promote

thereby or the laws they passed (should they succeed in passing any) be an improvement on the acts of our present leg-If the Court House in Towarda were large enough to hold all the Republican voters in the county, and they all had an abundance of leisure and the inclination to attend a great mass convention to make week to nominate a ticket, and when nominated, would not be likely to give

greater satisfaction than the one nominated by their delegates on the last day of August next.

But you say you don't propose to liave the voters assomble at the county seat, that they are to meet in their own districts and quietly deposit their votes for the candidates of their choice. Then so much the worse for the party and its candidates. Men who have work to do in the field cannot do it very effectfully sitting in the house; if they have business which ought to be done by conferring with others at delegates who shall first vote for their the county seat, then it is their duty to choice and second for some Eastern man. go there, or send some competent person | Unless they do that to the extent of givto do for them. The business of nominating a candidate that will command the full party vote can only be done by a personal conference of the various candidates or their friends with the people or their date elsewhere. If they do that and representatives. Compromises must be another is placed in nomination, then they made, personal prejudices removed, sectional jealousies softened, and the ticket in a local point of view. With a proper fairly distributed over the county, so that man as the candidate for Sheriff cast o there may be no just grounds for dissatisther iver, it is hardly possible for the Confaction. Voting for candidates in the disvention to make a weak ticket from such tricts, without the knowledge gained by a

sectional animosities. There would soon be the eastern, the western and the cen-tral factions, and this feeling would be If so, name him and demand his nomina likely to increase until the party was rent tion, and take the responsibility and A very pleasant correspondent of the Elmira Daily Advertiser thinks the adoption of the Crawford County system would increase the nominating power of the rural districts. The reverse of this, in our opinion, would be true. Owing to the

great distance most of them have to travel to the place of holding the caucus, the hills to be passed over, the poorness of the rural districts never have and never will be able to present their full strength at the caucus, like the towns do. It is not because they feel indifferent as to who is nominated, not because they are less patbut because the personal sacrifices they are obliged to make are so much greater, and they are willing to trust to those who live nearer the place of holding the cau-cus to send good men as delegates to the county convention. You think this long argument wasted, as the experiment has been tried in Crawford County and gives entire satisfaction. We never heard that. We have heard that it did not give entire satisfaction, that there were strong suspinot a matter of county pride to maintain
