1855, the great question of dividing this county overshadowed all others. The Democrats nominated V. E. Piollet and W. Shephard for Representatives: the Republicans, B. Laporte and Judson Holcomb. During an excited canvass it was claimed, and strongly maintained by central and eastern men, that Piollet was in league with western men, and if elected would favor division. The people of Towanda were particularly sensitive on that subject, and by a system of careful inquiry and close observation, become satisfied that he had entered into an agreement with the divisionists of Troy to do all in his power, if elected, for division His Democratic friends in the center teld him squarely that unless he gave his positive assurance that such was not the case, they should withhold from him their support. He came to Towanda, and in the most public and solemn manner assured? his friends that there was no such agreement or understanding; and as he waxed warm and eloquent, be exclaimed with bribe; and judding by your own standard, in which case the office you gain by you mistook an honest man for a bribed through so much disgrace, will keep you tears in his eyes, "Do you believe I could be a reproach to yourself before the nearly a reproach to yourself." tears in his eyes, "Do you believe I could be base enough to deceive you, friends, with whom the happiest days of any life have been spent? Men for whom I chers he warmest affections and sympathies neighbors to whom I am bound by the strongest social ties and personal interest. I will never deceive you?" The people of Towarda took his word, and on the other office of the man who had all his life-time followed their own because time for the man who had all his life-time followed their own because time for the people of your county would put the man who had all his life-time followed their own because time for the people of your county would prove the man who had all his life-time followed their own because time for the people of your county would find a dangerous rival, and that the gence and integrity of the people of your for the man who had all his life-time followed their own because time for yours, even though gided with ingoined and transpart of the people of your county would find a dangerous rival, and that the gence and integrity of the people of your for the man who had all his life-time followed their own because time are proach to yourself and example to those who county in the visit of the people of your county would find a dangerous rival, and that the gence and integrity of the people of your first time for his own the right of which are the people of the people of your county would find a dangerous rival, and that the gence and integrity of the people of your first time for the people of your county and that the people of your county would find a dangerous rival, and that the people of your county would find a dangerous rival, and that the people of your county would find a dangerous rival, and that the people of your county would find a dangerous rival, and that the people of your county would find a dangerous rival, and that the people of your county would find a dangerous rival, and that the people of your county would find a dangerous rival, and the right of those who county is defined an exa
