OFFICE OF CHIEF ENGINEER, T. F. D. ? Towanda, Dec. 31, 1875. }
To the Honorable, the Burgess and Common Council of the Burough of Towanda: Council of the Borough of Towanda:

GENTLEMEN:—In accordance with Art. 8, Sec. 2, of the Constitution of the Towanda Fire Department, I respectfully submit my first admust report, for the year ending December 31, 1875, and with it some suggestions for your consideration, that, in my opinion, will, if carried out by your lionorable body, tend to largely increased protection against fire, to all that portion of our town lying west of 2d St., and especially to that portion lying between College 8t. and the Plank Road.

I would recommend the building of cisterns on 2d St., at each crossing of the streets running east and west; each cistern to be of at least 2000 gallons capacity, and, if practicable, have them so constructed that they would be filled by surface water, from rain and snow; then, when it becomes necessary to use the water for fire purposes, they would always have a supply ready for use; we could then set one steamer at a cistern nearest the fire, and get to
