was Lilly. We were given tents to shefter of February, and then not more than oneholes in the ground to shelter themselves men: they were distributed by three Unfrom the cold and storms, myself among ion soldiers. the number. Major Gee and Quarternas-I often saw men drob down and expireit a moment without a struggle. I bore ter Lilly made, up a squad of men from ; among the prisoners, who were taken out every day along the railroad to cut wood which was then loaded on cars and handed chills and fever, a backing cough, scurvy, in and dumped off about twenty-five rods | and sore eyes caused by smoke. I kept from one of the gates; they would only away from the doctors and the hospital allow a specified number from each squad [through ail, and it was only through Diof one hundred to go out for wood each : vine assistance that I ever lived to get home. There were two brothers in my day; sometimes the call would be for; three men from a squad and sometimes squad (Charles and Clark Warner) from six : that is the largest number I eger Tuscarora twp., Bradford Co.; Charles died in Salisbury, and Clark came home heard called; it was generally from 3 top ; we generally commenced going out for in March. 1865, in a very feeble condition, and died soon after. There was also a young man from Friendsville, Susquehanwood about 3 or 4 o'clock, p. m.; they would only allow the specified number from one division to go out at a time; the na Co., named Wm. W. Horton; he also rebels then formed a strong double line of died there. The horrors and sufferings of that prision pen are as fresh in my memoguards from the gate to and around the wood-pile, with a strong force at the gate; y to-day as the time of their perpetration. we would then go out in single file as can forgive; but not forget while life and quick as possible, pick up what wood we could carry, and harry back: they allowed memory lasts : if there were nothing else to remind me of it, the pains and aches of my broken-down constitution would keep each man to carry what he was able, genit freshlin my memory. But I might ge erally not more than one stick, it being green and heavy; if a man stopped on the m writing till dooms day and I could not give the shadow of an idea about the suf way to rest he would be ordered to threw ferings of Salisbury prison.down his wood and march on; arriving at Our wretched state and hardships great, the gate there would always be plenty of comrades to carry it the rest of the way

No on Can understand, But those who have been with us ther to their quarter; each squad being generdu Divie's shiny land. ally divided into minor squads we would On the 20th day of Feb. 1865, the com aye a hard time to divide the wood fairnenced taking out some of the strongest ly; we had to split it with railroad spikes, os the sick and packing them in freightusing a billet of wood for a maul. cars. At about nine o'clock the same many occasions we were deprived of ritlight, there was a call made for five huntions for 48 hours. When I first wept dred of the men who could walk to go out: there there were three wells in the en- all who were able made a rush for the

closure; afterwards some of the pisoners gate, but of course did, not go out that dug 3 or 4 others, the men being allowed time. I was one of the first to the gate mouble rations for their work ; the only as I had been on the watch for such a way we had to draw water was with old We passed throng a small gate in

n cups with strings attached, the strings single file, and were counted to get the being generally made out of strips of number. We were then placed on the clothing; it was a very hard matter to get roots of the cars that held the sick, as enough to satisfy our thirst ; we had no as many as could sit the length of each way to wash our clothing, having nothing side of the ridge or foot board, and in larger than quart cups; to wash our that manner we rode several days and hands or face we would pour from a cup nights. At daylight on the 22d we arfor each other: the new wells did not fur, rived at Raleigh, N. C., where we were taken from the cars and marched outside the city to a piece of woods; we there re-' ceived raw corn meal and bacon, it being the first food since leaving Salisbury; w trunks as high as three men could stand stand stayed chere till the evening of the 25th, on top of each other's shoulders; the back and were then loaded again on the cars, and at daylight on the morning of the diarrhea: it was made so strong and drank | 26th arrived at Goldsboro, N. C. in such large quantities that it undouble were again unloaded and marched to a edly caused many deaths. After we had piece of woods, where, our descriptive been here a short time Major Gee had a lists were taken. During all this time since leaving Salisbury, the sick remained in width; the ditch was then the flead line; we were again loaded on the cars, but in-"in the cars." On the evening of the 26th it was dug to prevent the prisoners from side, and on the afternoon of the 27th artunneling out: the ditch was ddg by prist rived at the flag of truce, some ten miles live equal to the one who receives use of the State, and none of said shall take duplicate receipts. All votes for a measure so full of mis- their cavalry; my feet were so field by blis- the dich for a space of 150 feet the sink lines and were treated by his officers and so the solutions of the sink lines and were treated by his officers and the receipts. five, he in turn aspires to make as officers shall receive for his own use commissions on the collection of chief to the interests of a large ma-tered from the sharp stones that I could was constructed; the planks stood out soldiers with all kindness in their power. edges with the ends imbeded in the banks We stayed in Wilmington four or five about 6 feet apart ; then narrow plank days, and from there by water to Anapo-strung along and nailed about 2 feet from his, Md., where we received clothing, the bank; after a short time the bank money and furloghs to go to our homes. crumbled away so much that in many I arrived in Owego in a hopeless condiplaces it was from 3 to 5 feet to the footg tion, and it was only through the mercy plank, and very often many poor, weak of God and the gentle care of a kind fellows would tumble into the mass of mother, and experienced physicians that filth at the bottom of the ditch; hundreds I ever lived to write this statement. Having just returned fr om the city, We have a were not able to go to the sink at all. After 1 became convalescent I went to There were very many severe rain, sleet Elmina to be discharged and while there I and snow storms; at one time snow fell, visited the prison where the reticls were to the depth of 5 inches; the weather was contined three or fore, times; as far as I very cold nearly all the time, with high could see they had good comfortable barwinds blowing from the coast on the east; racks, and were well clothed and fed, and or from the Tennessee Mountains on the? in apparently good health, as I saw num west; a great many had their hands and bers of them playing around the barrack feet frozen, which were neglected till mor- yard. I saw large numbers marching to tilication set in, causing death in nearly the cars, to leave for the south, and tak every instance. Sometimes the call for ing them as a body I never saw a like wood would be made so late in the day number looking so well when taken at the that not more than half the divisions front, and I saw very many at the front,

would get through before the gates were closed for the night, as I had been nearly four years a soldier and was always at the front. The diseases were chiefly fever ond company and regiment, and when you are chills, chronic diarrhea; lung discases and ment il did not intend to make such a long When I commenced writing this state
