

EDITOR: E. W. ALYON. NATIONAL REPUBLICAN TICKET. FOR PRESIDENT, RUTHERFORD B. HAYES, OF OHIO.

FOR VICE PRESIDENT, WILLIAM A. WHEELER, OF NEW YORK. VIGILANCE COMMITTEES.

The following persons have been appointed Vigilance Committees for the several districts in this county: ...

A COMMUNICATION IN THE LAST REPORTER on "Republican Union," from the pen of an old and esteemed correspondent residing in another county, seems to have left the impression on the minds of some that the author, by implication at least, intended to convey the impression that the unsuccessful candidates for nomination in this county were instrumental in causing the defeat of the Congressional ticket two years ago.

There is just one practical declaration in the report of Mr. Tilden. There are promises of reform in the civil service by the party which has made such havoc in Washington clerkships, and reform in federal, state, and municipal taxation by the party which created Tammany and the new court of appeals, and reform in the mode of making appointments and in the mode of making promotions.

HERE are a dozen good reasons from the Jersey City Journal why the Republican party should be preferred to Democracy. A hundred reasons, equally as good, could readily be given: 1. It represents the intelligence and loyalty of the nation.

THE Harrisburgh Patriot thinks that the Republicans ought not to advise the young men of this county who attain their majority this centennial year to vote the Republican ticket. We only suggested that they should study and compare the history of both parties before allying themselves with either; and if intelligent, conscientious young men will do this, we have no fears of the result.

WELLS TO THE FRONT

On Saturday last the Republicans of Wells township raised a handsome pole. The pole is straight as an arrow, and stretches one hundred feet toward the heavens. From its pinnacles floats a beautiful and artistic flag, the handiwork of the patriotic ladies of the vicinity.

Under the above head the Tribune reviews the political situation of parties and candidates. That journal seems to have partially opened its eyes to the important emergency before us.

It is not enough that the President be honest if his party is full of rascality and deceit. So the country says to the Democracy when it nominates Tilden, "Very well, gentlemen; that is excellent, so far; now what do you propose to do if we elect him?"

LETTERS OF ACCEPTANCE

The following is Gov. HAYES' letter of acceptance. It deserves, as it will undoubtedly receive, a careful perusal.

COLOMBUS, Ohio, July 5, 1876. Hon. Edward McPherson, Hon. William C. Cull, and others, Committee of the National Republican Convention.

The fifth resolution adopted by the Convention is of paramount interest. Based upon my extended examination of the declaration of principles made by the Convention, I do not deem it necessary to enter upon any extended examination of the declaration of principles made by the Convention.

THE DEMOCRACY OUT IN FORCE! 63 Torches and 7 Transparencies in Line! It had been evident for some time past that no matter who should receive the nomination at St. Louis the untried democracy of this place would celebrate; and so when the news was spread over the country that TILDEN and HENDRICKS were the ones who had been put forward to suffer defeat, the gun that had stood for a day loaded was fired, and boys were sent to notify every democrat in the village to be on hand for the demonstration in the evening.

POSTMASTER-GENERAL JEWELL, at the suggestion of the President, tendered his resignation on Tuesday, which was accepted. Mr. TYNKIN, of Indiana, had been appointed to fill the vacancy.
