Armenia.-Armenia township is one of the most healthful towns in Bradford county, for we always have pure air to breathe and good water to drink. The township is situated mainly on top of Armenia mountain, hence its altitude is considerable. Snow oomes carly in the fall, and continues until late in the Spring. The ground has been covered with snow since the last days of November, 1876, and at this date, March 27, there is still plenty for all purposes, although the late rains and the warm south wind have re-

duced it very much. This town produces good grass, potatoes, oats, buckwheat, corn and wheat, maple sugar, apples, and abundance of stove-wood and hemleck timber.
