How THE BACES IS DISTRIBUTED. There was a full minute in which no one moved. Joseph's face looked answered: "By their beauty—they their fine complexions, and by their fine complexions, and by their face as a because the description of the great men of earth, it seems at least clear that they existed or ing ashamed and others surprised or gratified, and by and by the word provided and work was not no one moved. Joseph's face looked answered: "By their beauty—they the first of the great men of earth, it seems at least clear that they existed or their exquisite dress." I did not tell glass and iron were unknown in Arsel the first of the great men of earth, it seems at least clear that they existed or their exquisite dress." I did not tell glass and iron were unknown in Arsel the first of the great men of earth, it seems at least clear that they existed or their exquisite dress." I did not tell glass and iron were unknown in Arsel the first of the great men of earth, it seems at least clear that they existed or their exquisite dress." I did not tell glass and iron were unknown in Arsel the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they existed or the first of the great men of earth, it seems at least clear that they exis

gratified, and by and-by the word had ever seen were land Joseph's brother were cowards. Next morning, when the wagon train was ready to move, the captain passed near Joseph's wagon on purpose to say:

"If there are any cowards in this train, they needn't travel with us among those of any other with which it was a smoong that the most beauty had a cycle."

If am acquainted: and among that the most beauty had ever seen were mann. As yet he has been able to find no writings or inscriptions, from which it would appear that the septiments of the gorgeously-arrayed bodies which he has found took place, in all likelihood, before the Greeks had adopted the Phenician alphabet.

Yet I should say that the most beauty the Troy unearthed by Dr. Schlie-mann. As yet he has been able to find no writings or inscriptions, from which it would appear that the septiments of the gorgeously-arrayed bodies which he has found took place, in all likelihood, before the Greeks had adopted the Phenician alphabet.

Yet the artistic beauty of the pottery which have so shundant.

I am acquainted: and among that any further."

It was a cruel thrust. Joseph was race it is commoner in "America" ly rewarded Dr. Schliemann's delvharnessing his horses, and the broth-than in England. I saw more beauty ing shows to what a high state of er was stowing away the cooking of face and figure at the first two reutensils. The strange man's face ceptions which I attended after my smith's and potters had attained in grew white again, and his hand went return than I had found among the this unquestionably remote period. down for his revolver; but just then hundreds of thousands of women Dr. Schliemann is not, indeed, enavoice called out: whom I had seen in England. titled to the credit of discovering

The types are the same in both the site and making the first researchcountries; but they seem to come es at Mycenæ, as at Troy; for the near to perfection much oftener here Treasury of Atreus, the Gate of the than there. Beauty of feature is, Lions, and the cyclopean walls which and joking, and others fearful that however, sometimes more clearly de-the two would be butchered by the fined in England than here. The vated many years ago. No doubt Indians before the day was over, mouth in particular when it is beauthe tombs which Dr. Schliemann has When the white-topped wagons were ti'ul is more statuesque. The curves found are those of an ancient line of When the white-topped wagons were titul is more statuesque. The curves so far away that they seemed no larger than his hand, Joseph moved along on the trail, his face stern and dark, and so busy with his thoughts that he did not hear the consoling words:

"Never mind, Joseph; we are try the seemed no large more decided, and at the junction powerful and wealthy kings, who must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, to judge by the splendor of their function must have lived in gorgeous fashion, and the list of judge by the splendor of their function must have lived in gorgeous fashion, and the list of judge by the splendor of their function must have lived in gorgeous fashion. New York which is not so often found in precious stones, further attest their "America"; but the nose itself, the luxury. We have as yet, doubtless, That night when the wagon train of the gold hunters went into camp, brow, and the set and carriage of the but a small installment of the discoving energy brow, and the set and carriage of the but a small installment of the discoving energy brow, and the set and carriage of the but a small installment of the discoving energy brow, and the set and carriage of the but a small installment of the discoving energy energy brown of all observers the house of the house of the botton before he has completed his estly for it. They had seen Indians large for perfect proportion. This is task, he may come upon inscriptions afar off, and they knew that the red a characteristic defect of the English which will prove incomparably more

STATES. example in the Viennoise wife of a although the United States assumed It is a somewhat singular fact that the little valley, and the camp was aroused in a moment.

"The devils have jumped in on long women of the English one of the men, as he stood on a said, even in England, that "American" women have more beautiful feet than Englishwomen have. This is of the preliminary treaty of peace with Great Britain in 1782. This is the more remarkable when we consider that our forefathers were They didn't call him Tom, or Jack, or Harry, but always spoke of him as "Joseph's Brother." And it was just as singular that they didn't say Joe," instead of "Joseph," when speaking of or to the man.

They didn't call him Tom, or Jack, or Harry, but always spoke of him as "Joseph's Brother." And it was just as singular that they didn't say he face, and then, running, for the speaking of or to the man.

They are obliged to do so because they walk more, and because of their moister climate. But mere smallness, of us can be spared for the rescue!"

They walk more, and because of their moister climate. But mere smallness of us can be spared for the rescue!"

They walk more, and because of their moister climate. But mere smallness of the rescue!"

They walk more, and because of their moister climate. But mere smallness of the rescue!"

They walk more, and because of their moister climate. But mere smallness of the rescue!"

They are obliged to do so because they walk more, and because of their moister climate. But mere smallness of the rescue!"

They are obliged to do so because they walk more, and because of their moister climate. But mere smallness of the rescue!"

They are obliged to do so because they walk more, and because of their moister climate. But mere smallness of their moister climate that they don't be attention of recent years, and its difficulties are being steadily owercome. Men unquestionably live longth that even the sign manual of sovereign must be authenlined to doubt. The feet may be smaller here; and they generated that our forefathers were but be sider that our forefathers were but be sider that our forefathers were but be sider that our forefathers were but be supplied to the more factors. The same holds good through out English.

us—to look on God as our parent— 'Our Father." It teaches us to raise our thoughts

and our desires above the earth-Who art in Heaven." It tells us that we must reverence our Heavenly Father-" Hallowed be Thy name.

It breathes the saint's reward-Thy Kingdom come." And a submissive and obedient spirit—"Thy will be done on earth

ss it is in Heaven." And a dependent, trusting spirit "Give us this day our daily bread." And a forgiving spirit—"Forgive us our trespasses, as we forgive those who trespass against us." And a cautious spirit-"Lead us

from evil." And last of all an adoring spirit-For thine is the kingdom, and the power and the glory for ever-Amen.

The winds whisper musically in the trees, like the voice of the loved to tired hearts. The dead leaves fall from the loveless boughs, like faded hopes from the soul; and murmuring winds sweep through them, making their shivering veins melodious with the echoing sounds of from which the leaves have faded... sweet, tremulous aspens that shivered to the faintest breeze. Beneath the leaf of the aspen is a silver lining, and the beautiful fairy angels of life brood there, waiting its sweet life's resurrection. Angels are dwelling viewlessly beneath the faded leaves of weary hearts; they nestle tenderunder the silver lining and the storms of the weary world pass over, and the spring time comes with a glow, and the leaves of the aspen chilled heart puts forth little blossoms of hope, while the angels in heaven rejoice in a faint heart resur-

"Your face seems familiar to me; sir," said one man to another on the train the other day; "can I have met you before? Was it at the Centennial? Or did I see you at St. Louis last fall?" "It may have been either, sir," courteously responded the unknown, " for I was a Turkish Pasha in the cake and coffee business at Philadelphia, and subsequently filled a brief engagement at St. Louis as a cannibal. I am now on my way to California to become a gorilla if native talent meets with any encouragement, but if business is had tice, with her sword and balance, in lied of his "Rifler with his rifle-gun," the same thing as saying. "I doubt enter the lecture field or get a chuck-lied of his "Rifler with his rifle-gun," your honor." If parties had business a luck board and follow the country I shall either let my hair grow and sions of observation and comparison. in deference to Mr. Adams's taste for matters to transact, they stepped in fairs."
