By invitation, Pomona Grange held its regular session there last week. The number of Patrons and Matrons present was very large, but the brethren and their friends were equal to the emergency, and

all were most hospitably entertained. The proceedings of the Grange were characterized by unusual harmony and decorum; but as the proceedings will probably be given the public by the Secretary, we shall not attempt to anticipate them. TEGETINE STRIKES AT THE JEWELRY. root of disease by purifying the blood, re-ing the liver and kidneys to healthy action, SILVER WARE, VEGETINE Is not a vile, nauseous compound, which simply purges the bowels, but a safe, pleasant remedy which is sure to purify the blood, and thereby restore the health.

VEGETINE, is now prescribed in cases of Scrofula and other liseases of the blood, by many of the best physi-cians, owing to its great success in curing all dis-ases of this nature. VEGETINE Does not deceive invalids into false hopes by purg-ing and creating a fictitious appetite, but assists nature in clearing and puritying the whole system, leading the patient gradually to perfect health. VEGETINE Was looked, upon as an experiment for some tim by some of our best physicians, but those most in-credulous in regard to its merits are now its most ardent friends and supporters. Says a Boston physician, "has no equal as a blood-purifier. Hearing of its many wonderful cures, after all other roundles had falled. I visited the laboratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which is highly effective, and they are compounded in such a manner as to produce auton-ishing results.

SILVER PLATED WARE, VEGETINE Is acknowledged and recommended by physicis and apothecaries to be the best purifier and cleans PROOF. - WHAT IS NEEDED. ME. H. B. STEVENS: MR. H.-B. STEVENS:

Dear Sir—About one year since I found myself
in a feeble condition from general debility. VEGETINE was strongly recommended to me by a
friend who had been much benefitted by its use.
I procured the article, and after using several bettics was restored to health, and discontinued its
use. I feel quite confident that there is no medicine superior to it for those complaints for which
it is especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health.
Respectfully yours, U. FETTINGILL.
