TWENTY-SEVEN YEARS AGO.

TWENTY-SEVEN YEARS AGO. H. R. STEVENS, Esq.—Deur Sir: This is to cer-tify that my daughter was taken sick when sho was three deers oid, and got so low that we were obliged to keep her on a pillow, without moving, to keep the little thing together. She was attended by sveral physicians—the regular attending sne being oid Dr. John Stevens. They all pronounced her case incurable. She had been side about a year, when hearing of the great Blood Rémedy. NEGE-trixt, I commonced giving her that, and continued it regularly till she was about seven years old, when she was pronounced perfectly cured. During her sickness three pleces of bone were taken from her right arm above the elbox, one, of them being very long. Several small pleces were also taken from her left leg. She is now twenty-seven years udd, and is enjoying good health, and hasever since she was seven years udd, with no signa of Scrofolab-or any other blood disease. Her arm, is a little crooked but she can use it almost as well as the other. Her legs are of equal length, and she is not in the blood; and I would recommend all those Scrofial Humor or any other blood disease, if they wish fo have a prifeet cure, to try VEGETINE, the valid is hood remedy, which does not weaken the about any other preparations recommend-ed, but, on the contary, it is nontishing and strongthening. My daughter's case will fully tes-tify this, for I never saw nor heard of a worse form of Scrofula.
