beg leave to inform their friends in Towanda neighborhood, that they will open their Acad-

No question is more frequently asked than: "When shall I prune?" If the cutting is such as may be done with a knife it makes but little difference when it is done, but if on old and neglected trees, where large wounds are to be made, it is better! to do it when the severe cold weather is over, but before vegetation starts. In the climate of New York,

late in February and early in March.

J. J. MECHI, of Tiptree Hall, England, the renowned experimenter in practical farming, says: "From long observation I am more and more con-

to increase in size and weight considerably, and make a large quantity of fine manure, by keeping them in siderably, and make a large quantity of fine manure, by keeping them in a roomy shed, bedding them deeply with cut straw or leaves, and feedwith cut straw or leaves, and feed-ing them well. With plenty of bedding the shed need not be cleaned out until spring.

We could not endure solitude where it not for the powerful companionship of Hon. Jas. Webb, A. T. Lilley, E. T. Lope, or of some unseen one.

increased in quantity and improved in quality and color. The kind of cow, however, is important, as some Singing by the choir. Devotional exerwill fatten upon this feed, while cises were conducted by Prof. Doane, of others will only increase in milk and Mansfield. Miss Hattie Brigham gead a short selection. The Chairman of the Committee on Course of Study, and system of gradation for the public schools of the county, presented the report of the Committee. The Association adopted the report, and recommended the same to the Directors of the country for their adoption.

dege, as it exists at the present moment. It takes an itierhaughible tund of accurate and items it in the country for their adoption. Clara Lewis gave the word method of Mechanics, Mathematics, teaching beginners to read.

The following additional resolutions were offered for discussion:

WHEREAS, The present salary of our WHEREAS, The present salary of our Palating, Superintendent is much lower than that Drawing, of other counties of State, and also lower Education, f other counties of State, and also lower ounty; and
WHEREAS, This has a tendency to call
