Our readers will read with pleasure and doubt not profit, the business losses of STRICK BROTHERS in today's TOWNSHIP.

This firm have been doing business here for several years and have won for themselves enviable reputation. They have removed to the store lately occupied by Mr. FELCH, and are now opening a splendid assortment of seasonable goods, which they the critical attention of the public.

Mrs. JANE NELSON BARRY spent several days in Towanda with her husband during the temperance revival in progress here. This noble, christian lady is one of that "Old Guard" of Hingham, or band of praying women, who left houses of luxury and came to go out, and on bended knees, implored the dealers in intoxicating liquors to quit their traffic.

We all know that the woman's crusade was the "sowing in tears" of the seed of the right effort, which is now bringing forth an abundant harvest, "some thirty fold, some fifty, and some one hundred fold."

With heart and hand she has aided the temperance work under FRANCIS MURPHY, from its first inception at the "old house" in Pittsburgh, seventeen months since, up to the present time. Her beautiful home, her generous purse, her warm heart, have been open to the poor, infirm, lame, to hundreds of homes, to which she has lent assistance and entire confidence. She has never spoken except it coupled with a blessing. "And her works shall praise her in the gates."

While here, she was called upon to speak in the 3 o'clock P. M. prayer meeting. In a few modest and feeling words she exhorted the christian women of Towanda to be weary in well-doing. She said there is a wonderful power in the cordial action of a woman's hand. Instead of passing by our fallen brethren, let us take him by the hand and speak words of sympathy and encouragement."

With such a yoke-fellow in the gospel temperance work, it is no wonder that JOHN BARRY knows no such word as fail.

EAST SMITHFIELD.—This pleasant little village is south of the Erie, and between the P. & N. Y. R. R. and Northern Central. It is situated in the center of Smithfield township, and relies upon this beautiful agricultural district for its support. East Smithfield and the Township have long been noted for the intelligence, sobriety, and industry of their people, and consequently they have erected in the village four fine churches, which are well supported and attended. Probably there is no town in Bradford county, and no township in Northern Pennsylvania, that is as thoroughly church-going as Smithfield. The society is excellent; their social gatherings under the auspices of the churches are conducive of great good, which is leaving its impress upon the minds of its youth.

Her pastors do her great honor, and are doing a grand work. Rev. H. P. is pasteurizing the Disciples, Rev. E. H. of the Baptist, Rev. CHAPMAN of the Congregational, and Rev. STATHAM of the Methodist.

Drunkenness is seldom seen upon her streets. Until recently, no licensed liquor dealer existed within its precincts; this house is kept very neat and orderly, only a single saloon with careful restriction.

A literary society, well supported, has existed for many years, and the Library Association has developed a large and well-selected library.

No place of its size in the county can average as many professional men, teachers, Co. H. of the 12th Regt. of Cavalry, the Baptist, Rev. CHAPMAN of the Congregational, and Rev. STATHAM of the Methodist.
