BY WM. CCLLEN BRYANT. The following poem, so religious in tone, so dig nified in style, so lofty in conception, so finished in execution, was among the very first productions of een, though not published until for ece. He has done nothing fluer since. It ranks with the very best pieces in our language and is as

To him who in the love of Nature holds Communion with her visible forms, she speaks various language; for his gayer hours She has a voice of gladness, and a smile elequence of beauty, and she glides Into his darker musings, with a mild, And healing sympathy, that steals away Their sharpness, ere he is aware. When though Of the last bitter hour come like a blight ;

Of the stern ageny, and shroud, and pall Make thee to shudder, and grow sick at heart ;-Go forth, under the open sky, and list To Nature's teaching, while from all around-Earth and her waters, and the depths of air,-Comes a still voice-Yet a Tew days, and thee The all-beholding sun shall see no more In all his course; nor yet in the cold ground, Where thy pale form was laid, with many tears Not in the embrace of ocean, shall exist Thy image. Earth, that nourished thee, shall clai Thy growth to be resolved to earth again And, lost each human trace, surrendering ut

To mix forever with the elements To be a brother to the insensible rock And to the sluggish clod, which the rude swain Turns with his share, and treads upon. The oal Shall send his roots abroad, and pierce thy mould let not to thine eternal resting place shalt thou retire alone, nor couldst thon wish ouch more magnificent. Thou shall lid down Vith patriarchs of the infant world-with king The powerful of the earth—the wise, the good, Fair forms, and hoary seers of ages past, All in one mighty sepuichre. The hills Rock-ribbed and ancient as the sun-the vales Stretchlig in pensive quictness between; The venerable woods—rivers that move n majesty, and the complaining brooks That make the meadows green ; and, poured ro

tre but the solemn decorations all f the great t mb of man. The golden sun, flanets, all the inflate host of heaven. Are shining on the sad abodes of death he globe are but a handful to the tribes Plat slumber in its besom. Take the wings Or less thy self in the continuous woods. Fere rolls the Oregan, and hears no sound, Save his own dashings—yet—the dead are there And infinion- in those solltudes, since first The flight of years began, have laid them down In their last sleep-the dead reign there alone. So shall thou rest, and what if thou withdraw n slience from the dving, and no friend Take note of thy departure? All that breathe Will share thy destiny. The gay will laugh When thou art gone, the solemu brood of care Pled en, and each one as before will chase His favorite phantom, yet all these shall leave of ages glide away, the sens of men,

And the sweet babe and gray-braded man,shall one by one be gathered to thy side, live, that when thy summons comes to fold he lummerable caravan, which moves o that mysterious realm, where each shall tak lis chamber in the slient halls of death, Then go not, like the quarry-slave at night, courged to his dangeon, but, sustained a-d soot By an unfaltering trust, approach thy grave, Like one who wraps the drapery of his couch About him and lies down to pleasant dreams.

ber, the General was giving himself no rest until he found Martin Vollermann of the Brandenburg regiment, child to be. When he had reached come Sergeant, but that is nothing, and invited him to supper with the his thirteenth year the French war because he has no potatoes, and I am highest officers, not forgetting in the meantime to give his cook some nec-

essary orders. In those days the people took their suppers earlier than Freddy's father was Corporal. He old soldier, as he stroked his long, at present, so the guests came together in good time, and scated themselves at the table. And yet they wondered to find a mere Sergeaut, in Sergeants' uniform, scated at the General's table But the one who was most astonished was Sergeant Vollermann himself.

There was something else strange at the table beside the Sergeant, and the following day, permitting them dividing up the kinds of weather and makes its grasp less tenacious. this was a large, covered dish, in which, without doubt, was something dier Freddy and his father came But the almanac, good as it was rect support of the sun is withdrawn; costly and dainty, as the guests syp-posed, while they often cast longing glances towards it. The General noticed the curiosity the dish excited, but he gave not the slightest hint to satisfy it. He often laughed to himself, and at times exchanged significant glances with his Adjutant, which none understood only the two who were in the secret, and consequently their curiosity become in the highest degree excited. When, at last, the General commanded the Sergeant to remove the cover, all eyes were fixed upon him and the mysterious dish. But what did they see? Potatoes in their skins! All very fine indeed, but yet which could not satisfy the dainty/palates of the officers, who had looked for something more tempt-

ing and of course they were greatly disappointed. The only one who was from his heart rejoiced was Sergeant Vollermann, and he could hardly refrain from erging out at the agreeable surprise. "So far, gentlemen," said the Gen-

eral, as a happy smile played around his lips, "so far you have been my guests, but now, if you would enjoy those splendid potatoes, you must become the guest of Sergeant Voller-The officers heard this with haughty shrug of the shoulders, and
