THE MEETING ON SATURDAY. Although just on the eve of election, the meeting on Saturday last was a large and enthusiastic one. and resulted in great good to the causel of honest money republicanism. The Herrickville, Liberty Corners and Ulster bands were in attendance. At 2 o'clock the meeting was called to order by Chairman' STREETER, and on motion G.M. BIXBY, Esq., of Wyalusing, was chosen Pres- An ident. On taking the chair, Mr. BIXBY briefly referred to the questions involved in the contest, and eloquently urged all who favored honest money and an economical administration of the affairs of the State, to stand by the Republican banner. He closed by introducing Hen. H. W. PALMER, of Luzerne county, one of the most distinguished and eloquent speakers in the State. Mr. P. held the large audience for nearly two hours listening to his masterly speech. The frequent ex-

pressions of approval from his auditors indicated their complete sympathy with the speaker. At the conclusion of Mr. PALMER's speech Sen- Ben. Butler Defeated ator Matthews, who was upon the stand, addressed the people for a short time, when the meeting adjourned until evening.

At the appointed hour in the even ing the Court House was filled with an interested audience, who had the pleasure of listening to altogether the ablest, most candid and convincing argument ever pronounced in this county, on the financial question, by Senator Matthews. The Senator occupied two hourse in the delivery of his masterly effort, holding his auditors spellbound, and when he closed there was a simultaneous cry of "go on" from all parts of the house.

The meeting accomplished much good, as many who had imbiled the greenback heresy, admitted their concut but a small figure, and one or version to honest money. Could it two more elections will probably conhave been listened to by all the peovince the Democrats that nothing ple of the county, the vote for Mason would have been greatly reduced.

WHEN WADE HAMPTON was make ing his after election campaign; for the Governorship of South Carolina. he was profuse in promises. No man was more loval-taking his word for it-than he. No man more deeply deprecated the bad blood between the half-civilized whites and the freedmen of South Carolina. He was sure that once in the Executive chair there would be peace. He pledged his honor to administer the affairs of South Carolina in the spirit of the amended Constitution and the laws. Of course, knowing so much of the high quality of southern honor, as all the world does, everbody b lieved that all breaks in South Cirolina were then to be mended. For is not WADE HAMPTON an honso ago he was in arms against the govornment; but was not that an added reason why he should be trusted? The election on Tuesday resulted in a magnificent victory for Republicanism. A systematic and dishonest effort was made to compass the defeat of several of our candidates, but the corrupt plan did not succeed. and we are happy to announce the election, by handsome majorities, of the entire ticket. The official figures will be found in another column.

Had all the republicans of the several townships worked as earnestly as those of Albany, Tuscarora, Windham. Wells, and one or two others, there would have been no falling off in the vote of any candidate, but the result under the circumstances, is gratifying, and is an encouraging augury that the Republicans of Bradford do not believe the mission of their party ended.

Col. OVERTON has reason to feel proud of his vote—his majority being nearly a thousand greater than two years ago, and he has a majority in all of the other counties of his dis-
