A WORD TO YOUNG MEN.

The voting strength of the nation is every year increased by the attain ment of young men to their majority. Of these, some, no doubt, decide up on their affiliation after a more or less thorough study of party policy and party methods. Probably a large number find their affiliation in a manner determined for them by the political bias of those with whom they are associated. But every intelligent young man will not hesitate to admit that one who can give no

and for four years waged, through THE Department of Agriculture varying fortunes, the greatest conflict reports that the losses to sheep ownof arms that had shaken the world | ers by the ravages of dogs reach one million dollars annually in the mut since Rome conquered the world. It suppressed rebellion, disbanded ton and wool setually destroyed. its armies without a single shock, These figures give the direct losses inet Ministers, Provident Hayrs has and took up the work of reconstruct only. The indirect loss, in the dis-

couragement of sheep raising, cannot tra session at this time. The Demotion by amnestying the rebels who of course ever be estimated with any cratic majority having in caucus dehad laid down their arms. Since that hour it has paid more than a thousand millions of debt, reduced the would not be less than the figures for the expenses and fees of marshals him a compensation for his services; interest charge on the balance of its. indebtedness one-third, raised treas- just given, and quite likely they and their deputies, and also declared after some debate the resolution ury notes from 66 cents to par. and to-day holds the treasury amply provided for the redemption of the na-

tion's promises with gold. The young business of citizenship cannot do hetter than to read the records of the had that the flock would be s cure two parties in parallel columns. And from the ravages of worthless curs, whoever reads history in that way, our hills would be covered with flocks cannot greatly err., If he err at all, of sheep. To remove the difficulty the error will arise from prejudice has engaged the attention of farmers and others, but no adequate remedy

for the evil has yet been found.

GOVERNOE HOTT has vetoed the Philadelphia street-cleaning bill on On Monday, after the Senate had the ground that the present system refused to pass the bill appropriating is satisfactory in its operation, more \$600,000 to defray the expenses of economical and effective than any executing the laws of the United States, Senator EATON boastingly exclaimed: "The Senators now un-derstand, the President now underearlier system and ought not to be cast aside-certainly not until a new | exclaimed : "The Senators now unsystem is provided that would re- derstand, the President now underquire the same care which it exerts stan is, the country now understands, o be taken, by the Councils to have where the Democratic party stands." the work of cleaning the streets per-Never were truer words spoken. better reason for his affiliation than transcribing room. -hereditary bias, has not much to be

proud of in his political manhood. It is not enough that a young man explains his vote by referring to the faith of his father and his grandfather. The world would resume harvesting with the sickle and travel over dug roads in the lumbering old stage coach were such reasons for faith sufficient. JONES' grandsire may have been right, but it does not follow that he was right because he was JONES' grandfather. The way in which a young man goes about the duties of citizenship depends, or ought to depend, upon something more than that. The political affilia tion of a young man should result to profound convictions. Convictions do not descend from father to son. They are not heieditary. Men should be Republicans or Democrats from 'convictions. Whatever a man may

he is entitled to the respect of his fellow-men. But whoever is one thing or another because his father or grandfather was that thing, cuts a very sorry figure among thoughtful men.
