## Household Recipes.

**UNIRONED GOWNS.**—Solid-colored lawns and muslin gowns need not be ironed unless the owner pleases, and she will be very silly if she do please, for her robes will be far more becoming if she try the following process: Wring the gown out of the water, not through the wringer, but by hand, so as to make a long, fine rope, and then twist it tight around a clothesline, and let it stay until it is thoroughly dry. Then shake out, and a crape gown will appear instead of the humble muslin. White gowns should be wrung out of very weak coffee. If it should be necessary to pack one of these dresses, do not untwist it; stow it away in any corner of the trunk, and the more it is crushed the better.

**SCALLOPED MUTTON.**—Cut cold boiled or roast mutton into bits, removing all skin and gristle. If you have no gravy, make it by stewing the scraps and bones in a little water, then season with pepper, salt and tomato ketchup and strain it over the meat. Boil some potatoes and mash them while hot until they are free from lumps, then beat with a fork until white and light; add a lump of butter, some milk and lastly a beaten egg. Mix well, then place the meat and gravy in a pudding dish; spread the mashed potato—which should be quite soft—smoothly on top, brush it evenly with a beaten egg, and bake it in a quick oven until it is a beautiful golden brown. This makes an excellent breakfast dish and can be prepared ready for baking—the night before. Especial care should be taken to have plenty of gravy, as it is absorbed in cooking, and the dish will not be so palatable if too dry.

**APPLE TARTS.**—Stew and strain apples; add cinnamon, rose water, boiled cider and sugar to taste; lay this in the above paste; squeeze thereon orange juice. Raspberry, current and plum tarts may be made of preserves. Lay bars of paste across the top of the dish.

**BUCKWHEAT CAKES.**—Mix one gill of wheat flour with one quart of buckwheat flour; add one large teaspoonful of carbonate of soda and bake immediately.
